Read the following paper:—

No. 48. Endorsement of the Chief Secretary to Government in the Public Department, dated Ootacamund, 25th October 1880, No. 2,062.

From G. L. YONGE, Esq., Honorary Secretary, Planters' Association, to the Collector of Malabar, dated Vayitri, South Wynaad, 19th October 1880.

THE Committee of this Association are given to understand that the Government have sanctioned a line of telegraph to Devalah in South-East Wynaad, and I am directed to urge on the Madras Government, through you, that direction be given for its extension to Vayitri.

2. The Committee are not aware whether the proposed line will be taken from Calicut or from Ootacamund. If from the former town, the only additional cost would be that of an office and instruments for Vayitri; if from the latter town, the Committee hope that the line will be continued from Devalah to Vayitri.

3. This Association has from time to time urged on the authorities the great necessity of telegraphic communication, a necessity which is now enormously increased by the rapid development of the gold industry in this district, and the Committee hope that this their renewed request may receive the favorable consideration of Government.
