

Office of Surgeon-General
with the Govt. of Madras.
Fort Saint George 27th Decr 1880.

N^o 560

From.

The Surgeon-General
with the Govt. of Madras.

To.

The Chief Secretary to Government
Pub. Department.

Sir,

I have the honor to forward for the favorable consideration of His Excellency the Governor in Council a letter from the Superintendent of the Auxiliary Medical School at Royapuram.

2. I have made a personal examination of the new buildings, and am quite of Dr. Thompson's opinion that the present structure must be enlarged, before it can efficiently take the place of the Bullet Manufactory, where the school is now held.

3. The dead-house which has not been commenced yet, will also have to be enlarged, so as to be capable of containing three tables, and as Anatomy is a very important part of the curriculum, I beg strongly to recommend Dr. Thompson's suggestion contained in para. 4 of his letter.

4. In para. 2 of the Consulting Architect's to Government, letter quoted in G.O. Public Department.

Auxiliary Medical School
4th December 1880

No 212.

From

The Superintendent
Auxiliary Medical School

To

The Secretary Surgeon-General
with the Government of Madras

Sir,

In reply to your letter No 6593 dated 1st December 1880, I have the honor to report for the information of the Surgeon-General, and satisfaction of Government that, as shown in the Government Architects' letter, 5 different subjects have daily to be lectured upon in the Auxiliary Medical School, between the hours of 11 to 5 during the winter session; but beside this work, the subjects lectured upon have again to be gone over every day by the Teachers, and carefully demonstrated to the students by them.

In addition to the above, during the Summer Session Hygiene, Practical Pharmacy, Minor Surgery and Physiology have also to be taught, so that two classes have to be under instruction at the same time every day between the hours of 11 and 5. It will therefore

Subject.

Forwarded letter from the
Superintendent Auxiliary Medical School
and request sanction for
the extension on the sides
of the new buildings

mu

Ministerial
Surgeon-General with the
Government of Madras.

Dear Sir,
I have the honor to
acknowledge the receipt of your letter of the 11th inst.

No 452, of 26th March 1879, it is stated that the
extension on the sides of the new buildings will not interfere with either
the existing or the proposed extension of the building, the building will be adequate for all re-
quirements.

be seen that two class-rooms are absolutely necessary for this purpose

③ Again, a separate room is also required for the Teachers, where they have to be engaged preparing their work for the class when not teaching. In respect of this, store-room is required for 7 large almirahe containing books, pharmaceutical preparations, anatomical specimens &c. It is obvious therefore under all these circumstances, that the accommodation afforded in the building at present under construction will be insufficient, and that another wing with the same number of rooms, is required to be added to it before it is possible to vacate the Knit Factory

4 The Deas Room will be required to hold 3 tables; and the dimensions absolutely necessary are 18 x 15 feet, with a verandah of 6 feet all round, to ensure coolness and proper ventilation.

I have the honor to be,

Sir,

Your most Obedt Servant

D W Munn from N D
