GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

26th February 1880, No. 434 W.

Buildings and Roads.
Civil Works.

Read the following paper:—

No. 58. From Lieutenant W. L. C. BADDELEY, R.E., General Superintendent, Public Works Stores and Workshops, to the Deputy Chief Engineer, Public Works Department, dated Madras, 21st February 1880, No. 1,154 S.

I HAVE the honor to forward, for submission to Government, an indent in triplicate for stores required from England for the Harbour Works, together with letter in original from the Superintendent explaining the reasons for the present demand. None of the articles applied for are in stock in the Public Works Stores.

2. A copy of the indent in Government of India form is not now required to be submitted for Provincial Stores by G.O., 25th July 1879, No. 1,960 W., and is therefore not sent.

From F. N. THOROWGOOD, Esq., M. Inst. C.E., Superintendent, Madras Harbour Works, to the General Superintendent, Public Works Stores, dated Madras, 19th February 1880, No. 59 S.

I HAVE the honor to submit herewith an indent for stores from England, and I think I may with some confidence state that it will be the last indent of any great value that will be submitted for materials to be used in the construction of this Harbour.

2. The first item is 2,000 tons of Portland cement, and this I estimate to be sufficient to complete the concrete blocks in the piers. The local supply having now been abandoned for making concrete blocks, I am obliged to submit an indent for the full amount required, so that sufficient time may be allowed for the voyage round the Cape.

3. Cement will be required for the drainage works in connection with the Harbour, and I have not included what will be required for that purpose in the present indent, as I think that for all work but block-making General Morgan's cement may be used.

4. The four trucks for carrying concrete blocks were asked for by me in June 1878, and struck out in England by Mr. Parkes. The want of them is now so badly felt that I venture to indent again.

5. I shall feel obliged by your forwarding the indent in the usual manner for sanction at an early date.

No. 59. ORDER THEREON, 26th February 1880, No. 434 W.

THE indent will be forwarded to the Home Government with copy of the Harbour Superintendent's letter.
