No. 151. ORDER THEREON, 30th July 1880, No. 1,819 W.

THE papers read above give cover to statements of requirements of Superintending Engineers and Superintendents of Works on account of incomplete works of 1879-80, and of new works sanctioned but not yet commenced, and which are recommended for execution in 1880-81.

[illegible]

1/1819

2. The demand under "Salt" is also much in excess of the amount available under this head of service. The whole of the Reserve has been appropriated and a large sum has still to be provided.

3. The sum of Rs. 30,000 has been appropriated for the purchase of the Masulipatam Nabob's house, and for converting it into a Court-house.

4. The Financial, Educational, Marine, and Revenue Departments will authorise the Accountant-General to place to the credit of the Public Works Department the amounts required from the following sources :—

	RS.
Convict Labor Fund	5,561
Educational do.	6,616
Port Fund	7,613

5. For want of funds it has not been possible to provide for several uncommenced works, although many of them are known to be urgently required.

6. Column 10 of the annexed statement shows the amount that has been appropriated in 1880-81.

7. It should be distinctly understood that no works other than those for which appropriations are now made should be proceeded with in the absence of the special orders of Government.

3/1819

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

9th April 1878, No. 1,759 W.

Buildings and Roads.

Civil Works.

Read the following paper:—

No. 88. From Major J. W. HINDLE, S.C., District Engineer, Kurnool, to the Chief Engineer, Public Works Department, dated Kurnool, 1st April 1878, No. 1-4 K.R.

I HAVE the honor to forward plan and estimate, amounting to Rupees 1,050, for ten record racks, two for the new treasury room, and eight for the converted rooms of the old cutcherry.

One Plan.
„ Detailed Estimate.
„ Abstract do.
„ Specification.
„ Copy of Collector's letter No. 357 of 20th March 1878.

2. These racks have been entirely omitted in the estimate for the Collector's new cutcherry, sanctioned in G.O., No. 1,249, of 4th May 1875.

3. The treasury has been moved into the new building, and, as it is very inconvenient, having the cash in one building and the treasury records in the other, I have, at the request of the Collector, authorised the Divisional Officer, Kurnool, to at once commence the two racks required for the treasury room, in anticipation of sanction, as they are urgently needed.

4. A copy of a letter, No. 357, dated 20th instant, from the Collector on the subject is herewith forwarded for your information.

From C. J. KNOX, Esq., Special Assistant Collector in charge, Kurnool, to the District Engineer, Kurnool, dated Kurnool, 19th March 1878, No. 357.

IN returning countersigned the estimate for record racks forwarded with your letter, No. 612-3,618, dated 15th instant, I have the honor to state that I think that the two racks required for the treasury room should be commenced at once, in anticipation of sanction, as they are urgently needed.

2. The construction of the remaining eight racks for the record room might be deferred until formal sanction is obtained, as for the present we can manage with the old record room unaltered.

3. If however you contemplate effecting any alteration in the record room at an early date so as to necessitate the removal of the records, it would be advisable to have the new racks ready on which to place the records.

No. 89. **ORDER THEREON, 9th April 1878, No. 1,759 W.**

THE plan and estimate of Rupees 1,050, for record racks in the Collector's cutcherry at Kurnool, are sanctioned.

2. The Reserve under Provincial for 1878-79 being small, funds cannot well be provided for this work before the demand for incomplete works of 1877-78 has been satisfied. The District Engineer will, however, report if he can spare any

3/1819

0/1819

money from the grant at his disposal for Repairs under Provincial to meet the unauthorised outlay on the two racks for the treasury room.

3. This sanction has been registered as Provincial No. 5 B of 1878-79.

(True Extract.)

(Signed) E. A. FOORD, Colonel, R.E.,
Secretary to Government, P.W.D.

To the District Engineer, Kurnool.

2 List of incomplete works in Tinnevelly requiring funds

Sir,

I forward herewith the 2 lists noted in the margin, I have the honor to state that I have continued the construction of the Peria Kulam Cutcheri in order to complete it before the withdrawal of the Overseer now in charge, as I thought if the work were transferred to the Revenue Officers, further delay would take place in the construction of the Building, which has already been 10 years under prosecution.

2- Both the other works for which funds are required are also emergent, and I have ordered their execution to save prospective damage or loss.

I have the honor to be
Sir
Your most obedient Servant

Sir,

I have the honor under G.O. No. 913 W of 26 March/79 to request an appropriation of Rs 17914 from Imperial Salt Funds for opening and maintaining open the Ennore Bar. The Estimates amounting to Rs 18300 have been sent to the Commissioner of Salt Revenue and will be forwarded to you as soon as received from him, but the work being emergent and difficult to estimate for it has been put in hand and is partly carried out.

I have the honor to be,
Sir,
Your most obedient Servant

Chepauk 20th January 1880.

65/1819

From

The Superintending Engineer,
3rd Circle.

To

The Chief Engineer,
Public Works Department.

Sir,

With reference to your Memorandum No. 138, dated 14th January 1880, I have the honor to inform you that the Collector of North Arcot states that the inconvenience experienced in 1877 from want of sufficient space in the record room of his Cutcherry and which necessitated a recommendation being made for the extension of the Building is now felt the more, as the records of subsequent years have since accumulated and that the execution of the work is now absolutely necessary. The Collector further adds that if funds are not

49

forthcoming for the work, at present, he would propose to give the work for execution to a Contractor on promise of payment next official year when funds may be made available, and that if the Govt. sanctions the proposal, he could possibly find a Contractor who would undertake the work on this condition.

I have the honor to be
Sir
Your most obedient servant

Ag Supg Engineer 3rd Circle

No. 741

MADRAS,
Chepauk, 21st May 1880.

From
THE SUPERINTENDENT OF WORKS,
PRESIDENCY,

To
The Chief Engineer,
D.P.W.

Sir,

Enclosures.

Metalling Road from Trinity Church to Agram Barracks, Estimate – Rs 5,800.
Constructing coach houses, stables, tiffin rooms &c: for the P.W. Offices at Chepauk, Estimate – Rs 13,110.

I have the honor to bring to your notice the urgent necessity that exists for carrying out the works marginally noted which have been included in the Statements (No. 408 and 409) of works for which funds are required in the current year submitted from this Office on the 1st May 1880.

2 —— The first named work is very much needed. This Road has never been properly formed, and the result

result is that after every shower of rain it gets cut up in every direction while after continuous rain, it is little better than a slough. Petty repairs last only so long as the weather is fine and disappear as soon as rain falls. An accident which occurred to the carriage of an Officer driving on the road lately would appear to have been attributed to its bad state, and the Assistant Engineer, Bangalore, reports from personal experience that it is unsafe while driving on this Road to proceed beyond a walk; and he apprehends that unless the Road is put into good order without delay, complaints will before long be received of damages to private conveyances and horses attributed to its unsafe condition.

3.—With regard to the second work, I have to state that for the want of stable

accommodation

accommodation, the numerous conveyances and horses of the Officers and Employés are kept the whole day on the ground immediately on the West of the Public Works Offices and frequently encroaching on the only road on that side which leads to the Offices—thereby occasioning inconvenience and risk to horses and carriages—a state of things which it is not desirable should be allowed to continue. The requirement of a Tiffin Room is one that need scarcely be pressed forward, seeing that there is no accommodation of any description available for the purpose for the large number of Clerks attending the Offices.

4.—Under the circumstances, I request that funds may be allotted at once, as a special case, for the works alluded to,

434/1919

to

to admit of their being undertaken early.

I have the honor to be

Proceedings of the Madras Government

Read the following Proceedings of the Board of Revenue dated 16th April 1880 Miscellaneous No. 4185 on letter from the Collector of North Arcot, dated 18th March 1880 No. 104.

In their Proceedings dated 13th ultimo Mis: No. 1692, the Board, at the instance of Government, call for a report as to the pressing necessity for the extension of the English Record Room of my office, and whether the required space cannot be provided by destruction of useless records.

2. I have the honor to state that the necessity for enlarging the English Record Room has been fully explained in my letter to the Board of the 23d November 1876 No. 547, copy of which I beg to submit herewith for easy reference by the Board and Government. With the same object I likewise enclose copy of a letter I re:cently addressed to the Superintending Engineer on the subject.

3. All the useless records in the Record Room were destroyed some years back and there are now scarcely any useless records requiring destruction.

57/108

The

4. The tabular application in duplicate for increase of Budget appropriation received with the Board's Proceedings under reply is herewith returned.

Submitted to Government with the request that funds may be provided, if possible.

Order thereon 31st May 1880, No. 1918.

Communicated to the Public Works Department with reference to that Department endorsement dated 23d January 1880, No. 262.

2. The Collector's explanation shows that there are scarcely any useless records by the destruction of which the requisite additional space might be made available without extending the English record room.

3. It is observed that the work in question does not appear under Class A or B. of Part I of the Provincial Budget of the P. W. Department for 1880-81; but it is hoped that it may be possible to provide funds for it from the reserve. G. O. P. W. Dept. 9th March 1880, No. 569 W.

Proceedings of the Madras Government.

76/1881

Read the following Pros: of the Board of Revenue dy 3 June: 80, in Mis: No 5860, on letter from the Collector of North Arcot dy 17 May: 1880 No 192.

—

Adverting to Board's Procdgs dated 12 Instant, Mis: No 5109, appended to G.O. No 1397 dy 20 April last Revenue Department, I have the honor to state that, before receipt of the above Proceedings, the Executive Engineer D.P.W. North Arcot Division, having written me on the subject, I have arranged that the work of constructing a dwelling house for the Sub-magistrate at Venkatagiri-Kota should be carried out on contract by one Hanumantha Reddi, to whom the execution of the work had already been entrusted by the P.W. Department and who had commenced to collect materials. The contractor's work will be supervised by the Tahsildar of the Palmanair Taluk. The work is not of such a

54

cla

class as requires professional skill nor of such a description that the Tahsildar will be unable to superintend its execution by the contractor.

2. The basement already formed will be abandoned as it is condemned by the Superintending Engineer, and another suitable site will be selected whereon to build the house.

Submitted for the information of Government with reference to G.O. dated 20 April 1880, No 1397.

Sir

Referring to para 2 of my letter No. 114. dated 15th instant, I have the honor to inform you that the District Judge of Chingleput reports that the erection of a new Court house for the District Munsiff at Poonamallee, item No. 33 of appendix to Part I Class B works of the Provincial Budget for 1880-81, is urgently required as the District Munsiff has at present to hold his Court in the verandah of a hired house which is quite unsuited for the purpose. I therefore request that Rupees 5,000 may be allotted for the work this official year.

2. This completes the List of Class B Works of the Second Circle.

6/819

From,
The Collector of North Arcot

To, The Superintending Engineer
3rd Circle

Sir, In their Order of the 4th June 1877 No 1884 P W Department the Government sanctioned an Estimate amounting to Rs 1190 for extending the English Record Room of my Office and stated at the same time that there were no funds then available for the work.

The inconvenience arising from want of sufficient space in the Record Room experienced in 1877 and which necessitated a recommendation being made for the extension of the building, is now felt more than ever as the records of subsequent years have of course gone on accumulating in the Record Room ever since

I beg to state that it is now absolutely necessary that no time should be lost in making the sanctioned addition to the building, but as under the present financial pressure, I am afraid that no funds will be forthcoming at present. I would propose to give the work for execution to a Contractor on promise of payment in the next Official year when funds may be made available for this purpose.

If the Government agree to this proposal, I could possibly find a Contractor who would be willing to put the work in hand at once on the condition proposed.

I request that you will be so good as to obtain the sanction of Government to execution of this work as soon as possible.

I have &c

Sir

The Board have been made aware by my letter of the 22nd September last No 453 reporting on the State of the Records for the past official year that the English Record Room is very much cramped for want of Space, and that Steps have been taken to provide additional accommodation. It was proposed to do this by throwing out Verandahs in front and rear of the Record Room, and making the Same; and the Range officer was requested to have an Estimate framed for effecting this improvement. The District Engineer now informs me that the approximate cost of the work is Rs 900, and requests me to obtain the Sanction

69

of Government for the preparation of the requisite Estimate by his Department. I have the honor accordingly to request that the Board will be pleased to move Government to authorize the District Engineer to frame the necessary Estimate for Extending the Record Room.

2nd Circle

To,

The Chief Engineer
P. W. Dept

Sir,

With reference to para 2 of my letter No 60 dated 17th May. 1880, I have the honor to submit a Supplemental Statement shewing New Works estimated to cost more than Rs 2,500 each which have not been commenced but which are recommended for execution in 1880-81 under Provincial.

No 175 dated June 1880

2. Report on item No 23 of Class B works of the Provincial Budget has not as yet been received from the Civil and Session

Session Judge, Chingleput, hence the work has not been included in the statement. On receipt of the report I shall duly communicate it to you.

I have the honor to be
Sir
Your most obedt. Servant

For orders

In submitting the annexed draft order providing for the incomplete and such new works as need to be provided for in current official year in addition to those already entered in the Budget (Class A works) it is only necessary for me to make one or two brief observations for the consideration of the members of Government

It will be seen from the annexed office memo A that over and above minor works it has not been found possible notwithstanding the large reserve retained to make provision for

18

12 works of a highly desirable character

The special allotments applied for are noted in each case

The exclusion of so many works has been rendered necessary owing to the large amount Rs 30,000 desired shortly since to be held in reserve for purchasing the Nawabs house at Masulipatam; and therefore if this were now set free several could be commenced this year with fairly large assignments

Orders on this point are solicited

The works shown in the Office memo with red crosses set against them are those which have been classed as B works in the Budget originally submitted to the G of I, and in which they were entered without any assignment; the rest are later demands

As regards the entries for incomplete works it is needless to observe that the assignments set against each are essential to enable the works to be completed in the current official year

Dr. W 92/188

Please see to this
as soon as possible
Before giving my
opinion I should like
to have seen a statement
of the requirements
of incomplete works
this last year as also
to have known more
of the prospects of the
Patinghy plant &
Madura Palace works
as all these will
affect the Reserve
My impression is
that as regards the
last named works
the assignments are
not likely to be
spent and that

79/189

(Sigd) A. H. Sanke

then taken with our large Reserve should enable us to assign the Rs 30000 now asked for by Government

~~Ott~~
12.5.80

W.

Complete lists of incomplete works are not yet received, and reminders have been sent to the Ex. Eng. concerned —

I think there is little doubt that we can provide the Rs 30,000 asked for —

52/1819

My dear Davidson

In reply to your demi-official of the 10th instant, on the subject of the proposed purchase of the Masulipatam Nawab's house for the District Court, it is not improbable, so far as can be ascertained that the sum of Rs 30,000 could be spared from the P.W. Provincial Reserve, but I should have preferred not to give an opinion on the matter till further information as to the requirements of incomplete works has been received.

Yours sincerely

(Sig.) R H Sankey Col. R.E.

N. A. Collector's Offi
Camp Baireddipulli 28 April 1

From W. S. Whiteside Esqre
Collector of Nth Arct

To Captain D. McNeil Campbell R.E.
Executive Engr D. P. W.
North Arcot
Vellore

Sir,

With reference to your letter No. 302, dated 23rd Instant, I have the honor to inform you that the Sub Magistrate's Cutcherry at Tirttani is now held in a very small extremely inconvenient building as bad as any village "Chavadi" so bad that it is absurd to dignify it by the title of Sub Magistrate and Deputy Tahsildar's Cutcherry. The sub jail attached to it is a narrow ill-ventilated thatched building, more suited for the Confinement of animals than men. It is therefore very necessary that the proposed new Cutcherry should at once be constructed.

2. The alterations & improvements to the Taluq Cutcherry at Palamanair are also urgently required. The records

are

re very inconveniently crowded
i a very small narrow room
nd there is no space left in it
secure any more papers.
here is no room in which to
ecure the unclaimed property
hich are scattered about the
utcherry. I request that this work
lso may at once be put in hand.

The present Chendragherri Taluq
utcherry is small old fashioned
uilding and, though the proposed
lterations and improvements are
very necessary, yet I think they
may be postponed for another year.

I have the honor to be &c
Signed) W. S. Whiteside Esqre
Collector N.A.D.

53 The papers read

B/1616

above

alone give cover to statements of requirements of Superintending Engineers and Superintendents of Works on account of Incomplete Works of 1879-80 and of new works sanctioned but not yet commenced, and which are recommended for execution in 1880-81.

2. The demand for Military works far exceeds the amount available under Reserve and the Government of India have been requested to make an addition to the grant for Minor new Works. Pending reply to this reference the following transfer of funds is made (subject to the approval of the Government of India) in order to allow incomplete works to be proceeded with.

× The Govt of India have refused sanction to the works see G.O. No 1508 W. of 28/6/80

From	Rs	To	Rs
Military Repairs -	10,000	Military original works for minor works -	10,000

3. The demand under "Salt" is also much in excess of the amount available under this head of service. The whole of the Reserve has been appropriated and a large sum has

still to be provided.

5. The sum of Rs 20,000 has been appropriated for the purchase of the Masulipatam [illegible] and for converting it into a Court house.

6. The Financial, Educational, Marine and Revenue Departments will authorize the Accountant General to place to the credit of the P.W. Department the amounts required from the following sources.

Convict Labor Fund	Rs 5561
Educational —— do	5616 3,144
Port Fund ——	7,613
[illegible] do ——	~~25,082~~

6. For works [illegible] it has not [illegible]

possible to provide for several uncommenced works, although many of them are known to be urgently required.

7. Column 10 of the annexed statement shows the amount that has been appropriated in 1880-81.

8. It should be distinctly understood that no works other than those for which appropriations are

was made & should

be proceeded with

in the absence of the

formal orders of Govt.
