General.
Account

No. 98. Proceedings of the Madras Government, dated 17th September 1880,
No. 2,193 W.

In consequence of the arrangements sanctioned in 1878 for the adjustment of General Tools and Plant and for classifying all Public Works Divisions as Provincial, the Dowlaishweram Workshops, formerly regarded as Imperial, were transferred to Provincial, and the charges on account of loss on working were thenceforward provided for in the Provincial Budget under "Tools and Plant."

2. The recent reductions in the department have now rendered it necessary to abrogate these arrangements; and certain special Irrigation Divisions having been formed, one of which comprises the Dowlaishweram Workshops, which are maintained entirely for the Irrigation work of the Department, His Grace the Governor in Council considers that the workshops should be immediately transferred to Irrigation with retrospective effect from the beginning of the current official year.

3. The provision of Rs. 20,000 in Part IV of the Provincial Budget for loss on working will accordingly be set free, and the amount credited to the Provincial Reserve. The Chief Engineer for Irrigation will submit proposals for providing a similar sum under "Tools and Plant," Irrigation.

4. These orders are, in accordance with the proposals of the Chief Engineer for Irrigation, approved in G.O., No. 563 L., dated 31st August 1880, for the distinctive treatment of Tools and Plant in purely Irrigation Divisions.
