PUBLIC WORKS DEPARTMENT.

22nd September 1880, No. 2,215-A W.

General.
Account.

Read the following paper :—

No. 114C. Office Note, dated 14th September 1880.

No. 114D. ORDER THEREON, 22nd September 1880, No. 2,215-A W.

THE Examiner is authorised to pay the bill, amounting to Rs. 1,278-13-1, presented by the Lawrence Asylum Press for printing a portion of the Madras Public Works Code.

2. It is considered that 1,200 copies of Volume I and 700 copies of Volume II will prove sufficient for all requirements for five years.

3. It may, however, be found desirable hereafter to print the chapters in Volume II on *Irrigation* and *Military Works* separately.

4. Of the forms 1,200 copies should be struck off.

5. The several Departments of Government will state what number of copies of Volume I of the Code will be required for distribution to their officers and to Local Fund Boards and Municipalities.

6. What it was originally prepared to designate as Part II of the Public Works Code should be published separately, the volume being entitled "*Tables for calculating Pay and Allowances.*" As the 700 copies of this which it will be necessary to strike off cannot be utilised in this Presidency, the Examiner will be authorised to inquire whether any are required on sale by other Provinces. A copy should be sent to each Divisional and Sub-divisional Office in Madras.

Dear Sir

I have clear
up this difficulty
what - Vols I & II
also Parts I + II of
the code - See
your notes under

17.5.80 M

Dear Sir,

Part I in C's mind
was the Code itself.
Part II is a set of tables
for calculating pay &
allowances. It would
perhaps be better to call
them so, for I see no reason
why they sh^d be considered
part of the Code. The work
was all done before I came
& half printed, otherwise I
sh^d have objected to Part II,
as it is called, altogether. It
is only useful in the C's office.
When completed I shall send copies
to other Provinces asking them
to wait on payment for

In Madras 700 copies
will never be utilized -

There should
be no parts I + II
but simply Vol
I & Code - and
as C observes a
separate vol
entitled "Tables
in Calculating
Pay & Allowances"

A copy of the
letter should be
sent to Cash Office

To Mr

The accompanying bill
incurred from the L. A. Press
at Madras for printing a
portion of the code is
submitted with a request
that sanction to its being
paid may be accorded.
The employment of the Press
was sanctioned in S.O. 1359
A.W. of 6th May 1879 -
1200 copies of Part I
+ 700 copies of Part II
appear under existing
circumstances in excess
of the probable requirements
but as these are the
numbers struck off of
the chapters hitherto issued
it would render many
of them useless if the
number was to be now
reduced - Vol I of the
code will shortly be
completed I would therefore
propose that the numbers
already fixed should be
adhered to for that volume.

For order

in submitting the
annexed reference in
the Enclosure in the number
of Copies of Vols I & II of
the Code to be printed
it seems to me that the
estimated, 1200 of the first
and 700 of the second,
may be accepted

Vol I contains all the
 Sept. rules of General App.
 and which would make
 it desirable as a book
 of reference by all the
 Chief Civil Officers, & 7
 Boards, &c, which added
 to the needs of our
 Sept. private copies, &c,
 would not I think make
 1200 Copies much in excess
 of the requirements of the
 next 5 years, in which time
 it may be taken to last

before again calling for
revision

Vol. II is not of great
importance, and
there will be 2 Chapters
in it (a) Migration and
(b) Building works which
might if necessary be
published also separately
700 Copies of the Vol
should contain suffice
and as regards the two
Chapters named of
the H. M. will permit
me I shall arrange the
same number of separate
copies as may be found
in future concerning to
be desirable
