GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

6th October 1880, No. 2,316 W.

Buildings and Roads.
Civil Works.

Read the following paper :—

No. 31. Proceedings of the Madras Government in the Marine Department, dated 16th September 1880, No. 468.

From the Master Attendant, Madras, dated 9th June 1880, No. 4,668.

From the Public Works Department, dated 7th September 1880, No. 408.

HIS GRACE the Governor in Council sanctions the allotment from Port Funds of the amount (Rs. 285) required for the repairs now in progress at the Cruz Milagre Dam.

2. The charge will be met from the provision (Rs. 400) in the Marine budget, and the Accountant-General will give the Public Works Department the necessary credit.

for Chief Secy.

No. 32. ORDER THEREON, 6th October 1880, No. 2,316 W.

HIS GRACE the Governor in Council must remark that the Executive Engineer, Major Morant, R.E., has apparently been guilty of reprehensible neglect in failing to make himself acquainted with the progress of, and the outlay on, works under his charge, but before censuring him the Government desire to have any explanation that can be offered by him or, in his absence, by the Superintending Engineer.

Sir
With reference to your Memo. No. 161
dated 15th June 1880. I have the honor to in-
form you as reported in my letter No. 108
dated 12th June, that as soon as I heard that
the Master Attendant, Madras, had declined
to carry out the repairs to the Cruz Milagre
at Cochin, I directed them to be done by this
Department.

2. With regard to the 3rd para of your Memo
under reply, I would strongly recommend
that, that for the future the Cruz Milagre
should be under charge of this Department
and that funds should be granted to place
it in thorough good order and above, suspicion
even of danger. It cost Rs 70,000. I believe,
it is 3 miles from Cochin and fairly access-
ible to all weathers. I need not add that
it is of the utmost importance to the Cochin
harbour.

3. In July 1878, the District Engineer of Malabar, forwarded an estimate for Rs 3260/- for widening the dam to 50 feet at top with slopes of 3 to 1. This work was sanctioned in G. O. No. 8217 W. dated 12th August 1878 but funds for it have never been given and the work never done.

4. I have directed the Executive Engineer to revise this estimate, which is of course now useless and on its receipt I propose forwarding it to Government for sanction and I earnestly request that a sum of not less than Rs 2,000 may be placed at my disposal this official year, so that a great portion of the work may be completed before March 1881.

Sir,

Enclosure 1

* to the Long
Malabar at
Cochin.

In my letter No. 205 dated
12th August 1880 para 3 I reported
that the work sanctioned in G.O. No.
3217 W dated 12th August/78 had
not been done, funds for it
not having been granted.
This I did on a report from
Major. Morant the Secy. Engrs.
I regret exceedingly that in a
letter No. 239 dated 21st August, he
reports that he was misled &
made the mistake. The work
was carried out and fully
executed.

2. I have directed the Executive Engineer to have the bank carefully bulled and sections taken of it and if necessary to submit an estimate for thoroughly making it up to proper length and section.

3. Petty repairs to the bank amounting to Rupees ²⁸⁵ 235 are now in progress.

I forward an application for funds to be granted for this in order that the expenditure may not be objectionable.

I have the honour
Sir
Your most obedt Sct.
