GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

15th October 1880, No. 2,368 W.

Buildings and Roads.
Civil Works.

Read the following paper :—

No. 64. From the Superintendent of Works, Presidency, to the Chief Engineer, Public Works Department, dated Chepauk, 4th October 1880, No. 2,493.

With reference to G.Os., Nos. 1,870 W. and 2,150 W., dated 6th August and 13th September 1880, I have the honor

One Sketch.

to report that the cost of sinking a fresh well in the Pursewalkum Cemetery over the springs which fed the old tank would be about Rs. 200.

2. The existing well is on the margin of the site of the former tank, as shown in the enclosed sketch. This well has just been cleared by the sub-divisional officer, and the water-supply has thereby been improved, so that at present there is a depth of 10 feet of water.

3. I am of opinion that there would be no use in sinking another well close by, as it would probably be no better as to quantity or quality of water.

No. 65. ORDER THEREON, 15th October 1880, No. 2,368 W.

Under the circumstances explained the project for sinking a well may be abandoned.

To

The Chief Engineer,
P.W.D.

Sir,

Enclosures. 1

1 Sketch.

With reference to G.O. No. 1870 W
and 2150 W. dated 6th August and
13th September 1880, I have the honor
to report, that the cost of sinking a
fresh well in the Paracualkum
Cemetery over the springs which fed
the old tank, would be about Rs. 200.

2. The existing well is on the mar-
gin of the site of the former tank, as
shown in the enclosed sketch. This well
has just been cleared by the Sub Di-
visional Officer, and the water supply
has thereby been improved, so that
at

at present there is a depth of 10 feet of
water.

3. I am of opinion that there would
be no use in sinking another well, close
by; as it would probably be no better
as to quantity or quality of water.
