GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

23rd April 1881, No. 1,058 W.

General.
Establishment.

Read the following paper:—

No. 75. From F. N. THOROWGOOD, Esq., M. Inst. C. E., Superintendent, Madras Harbour Works, to the Secretary to Government, Public Works Department, dated Madras, 13th April 1881, No. 5 W.

I HAVE the honor to address Government further in continuation of my letter of 4th February 1881 (G.O., No. 363 W., of 10th February 1881) regarding the crews of the *Hobart* and *Salisbury* steamers.

2. I find that I have somewhat over-rated the work that could be done between the date of my letter of 4th February and 30th April, and that it will be very desirable to keep one steamer working for some weeks longer. I cannot fix any precise time as all depends on the weather.

3. In accordance with G.O., No. 363 W., of 10th February, on 30th April the Commanders and Engineers and most of the crews would be discharged, but I now have to ask sanction to the following reductions instead.

4. In the case of the *Hobart* which is to be fitted with screwing gear for the moorings when the gear arrives, I do not think it advisable to leave her without a responsible officer on board. I therefore wish to retain the Commander, Mr. G. Lloyd, for a short time longer until the vessel can be used for moorings, and under him I would have six men. As the vessel would not be working, the pay of the men would be reduced, that of the Commander being brought down to one-half its present rate. The Engineers of both vessels will have left the works on 30th April.

5. The wages of each vessel when working with a full crew amounts to Rs. 766 per mensem. I would reduce the *Hobart's* wages to Rs. 217 per mensem, with a Commander in charge; and the *Salisbury's* to Rs. 516 per mensem for a period of perhaps six weeks longer, when I think the rubble base work will be finished, and the *Hobart* alone might be retained for the moorings.

6. I regret to have to bring the matter forward again, but the uncertainty of progress in marine works compels me to ask for sanction to this further employment of the Commanders and men.

7. I shall venture to act on these proposals from 1st May anticipating the approval of the Right Honorable the Governor in Council.

No. 76. ORDER THEREON, 23rd April 1881, No. 1,058 W.

THE proposals of the Superintendent, Madras Harbour Works, are sanctioned under the circumstances explained.
