To

The Director General.
of the Post Office of India

Sir

I have the honor to forward a plan and
estimate

Estimate for Rupees 1295-0-0 for construction of a
V class Post Office at Rajampet and request that
you will be so good as to accord sanction to the
measure.

The Superintendent of Post Offices reports
that the building in which the Post Office is at present
located is a miserable little place quite unsuited
for the purposes of the Post Office and that it is
very difficult to get a house in the village for rent.
The village is a mile off from the station and it
is proposed to build the Post Office near the Railway
Station so that the people will experience no in-
convenience while it will be a great convenience
to the Deputy Postmaster to exchange mails with
the Travelling Post Office when his horse is away on
delivery in any of the near villages.

It is intended to carry out this work
during 1880-81 and provision will be made for
it in the schedule of postal works for that year
to be submitted on 1st August next.
