SIR,

Government having, for the purpose of fostering local enterprise, agreed with the Indian Portland Cement Company, Limited, to use their cement for Government purposes to the extent of 5,000 barrels annually, I am desired to request that, with the permission of His Excellency the Governor in Council, instructions may be issued to the Public Works Officers to obtain the cement they require from the above-named Company.

2. The Company's agents are Messrs. Bird and Co. of 39 Strand, Calcutta, and the price of the cement is Rs. 8 per barrel containing nett 375lbs. delivered in Calcutta.

3. I am also to request that reports may be sent on the 31st March and 30th September of each year, to the Secretary to the Government of Bengal, in the Public Works Department, showing the quantity of cement likely to be required from the Company in the ensuing half-year, as well as that purchased in the previous half-year.

I have the honor to be,

OFFICE NOTE.

To

~~Mr. In order~~

From India Dec 20
of 22nd Dec. 1880

By let this circular
to be issued without
remorse trace?

The cost at Calcutta
is $\frac{2240}{375} \times 8 = 47\frac{2}{4}$ rupees
per ton -

English Portland
Cement can be and is
delivered to the Harbour
Works at Madras, at
from Rs 40 to Rs 45 per
ton, and the Madras

Interference in Calcutta
by 2 rupees more
the Madras is higher
Rs

2.7.1.81. N. 12-1.

Northumb cement is
priced at from Rs 40.
to Rs 50 per ton, ac-
cording to the quantity re-
quired; in point of fact,
for any large quantity its
price is ruled by that
of the English cement
which it can always
undersell.

It is a curious mode
of "fortifying" local
enterprises to compel
members to buy in Calcutta
an article which can
be manufactured in
Madras itself of equally
good quality and at
a lower price.

No 116 W

PUBLIC WORKS DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

UNDER date the 15th Jan'y 89

Read the following:—

from the Govt. of India (H.C. No. 20 P.D. & 22nd Dec' 88)

Ordered that the
following letter be
sent to the Govt. of
India.

H.C. No. 115 W & 15 Jan'y 89

To. The Secy. to the Govt.
of India, P.D. & D.

Sir,

I am directed to
acknowledge the
receipt of your Circular
No. 20, dated 22nd Dec' 88,
intimating that Govt.
have, for the purpose
of fostering local enter-
-prise, agreed with the

Indian Portland Cement
Company Calcutta to
use their cement for
Government purposes,
and requesting that
instructions may be
issued to the P. & O. Officers
at Madras to obtain
the cement they require
from the above named
Company.

2. The price of the cement
at Calcutta is stated to
be Rs 8 per barrel of
375 lbs nett, or about
Rs $4\frac{3}{4}$ per ton.

3. I am to point out
that English Portland
cement can be delivered
at Madras at from
Rs 4.8 to Rs 4.5 per ton,
and that Madras Portland
cement is priced at

from Rs 4.0 to Rs 5.0 per ton
according to the quantity
required. In point of
fact, for any large quantity
its price is ruled by
that of the English cement
which it can always
undersell.

4. Large quantities of
this cement supplied
to the Madras War Lines
works, have been found
to be of a quality fully
equal to the best English
cement; the variations
in quality of the dif-
ferent quantities sup-
plied are not such
as to materially reduce
the value of the cement
for ordinary purposes,
and will probably

disappear in course of
time - In any case there
is no ground for sup-
- posing that the cement
supplied by the Indian
Portland Cement Company
is likely to be superior
to that manufactured
in Madras.

5. Under these circum-
- stances the Right
Honorable the Governor
in Council is of
opinion that it would
be undesirable to
indent on Calcutta
for cement for works
in Madras when the
article can be manu-
factured locally of

equally good quality
and at a lower price.
Such a course would,
I am to say, have the
effect of extinguishing
the local enterprise,
which the Government
of India are desirous
of fostering.
