Copy of letter from the Examiner P.W. Accounts Madras to Major S. C. Clarke R.E. No 1066 x dated 25th March 1881.

With reference to your Demi Official Communication dated 15th March 1881, I have the honor to state that under the orders quoted in the margin copy of which is herewith forwarded, there appears no necessity for your coming to Madras, but that in my opinion after being relieved of your present duties you may proceed to the Port of Embarkation reporting yourself to the Examiner P.W. Accounts Bombay or to the Executive Engineer Lower and Central Sind Division at Kurrachee (according as you intend to embark from Bombay or Kurrachee) see Chapter IV sec 1 para 13 of the India P.W. Code. Extract attached.

G.O. No 694 dated 15th March 1881.

2. On being relieved you should provide yourself with a preliminary Last Pay Certificate, a duplicate copy of which should be forwarded to this Office to admit of your final Last Pay Certificate being prepared for submission to the Examiner at the Port of Embarkation.

3. Information should also be furnished to this Office on the following points.

(1) Names and Addresses of Agents in India to whom all allowances that may become due to you are to be disbursed.

(2) Whether you intend to draw your allowances in England or in India, if in India, the name of your agents.

(3) Statement of pay and allowances drawn from the date of relief in the Madras P.W. Deptt to the date of relief of duties on proceeding on Furlough.

(4) Copy of your Leave and Service Register

My dear Sankey.

I have made further enquiry in this Office and find that unless something to the contrary is contained in the letters quoted in letter of the Under Secretary to the G. of I. No 9.9 R.E. dated 17th Feby/1881. It would appear that Clarke's subsidiary leave should commence from the date of his relief. He would be entitled to no T.A. on subsidiary leave. He will become responsible for his subsidiary Pay in usual Course.

yours very truly.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

22nd April 1881, No. 692.

Local Fund Budgets.

Read the following papers :—

Proceedings of the Board of Revenue, dated 26th January 1881, *No.* 120 [*Current No.* 259].

Abstract.—Reviewing and submitting to Government Local Fund Budget of Chatrapur Circle, Ganjam District, for 1881-82.

Proceedings of the Board of Revenue, dated 24th March 1881, *Miscellaneous No.* 3132 [*Current No.* 766-81].

Read the following letter from Surgeon-Major M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated Madras, 14th March 1881, No. 439 :—

I have the honor to report that I received the budget statements of the Chatrapur Circle only on the 8th instant.

2. The Board have, I observe, already received and submitted the estimates to Government in their Proceedings, No. 120, dated 26th January 1881. I have nothing to report further than that the Sanitary allotment is inadequate to meet the requirements of the circle. It is less than the grant for the current year by more than half, *i.e.*, Rs. 3,300 against Rs. 7,000, and bears a proportion of only 9·9 per cent to income. Want of funds, however, precludes a larger outlay being made for other sanitary improvements than simple conservancy. It is hoped that with the large balance that is expected some other sanitary works also may be undertaken.

3. The Vaccination grant amounts to Rs. 5,120 and appears to be ample.

Submitted to Government in continuation of the Board's Proceedings, dated 26th January 1881, No. 120, reviewing the Local Fund Budget of the Chatrapur Circle for 1881-82.

2. In estimating the opening balance of the regular estimate the Board of Revenue are obliged to adopt the total amount given by the Accountant-General for the circle and to arbitrarily alter, in the absence of particulars, the President's Road Fund balances alone with reference to the difference between the President's and Accountant-General's figures. It is very probable that Road Fund may be affected more than any other by the adjustments effected by the Account Department; but, as the balances of the other funds may also be affected to some extent by this difference, the Government desire that particulars of these balances be in future furnished to the Board of Revenue by the Accountant-General with reference to G.O., dated 31st May 1880, No. 1092.

The increase in the allotment for New Works (Communications) of Rs. 33,059 over the budget provision is explained in the President's letter as being due to allotments sanctioned by the Board of Revenue from time to time from the reserve and the balance; but, as the amounts appertaining to both these items aggregate Rs. 10,620 only according to the budget estimate, it is presumed that the excess amount was sanctioned by the Board of Revenue from the actual opening balance of 1880-81 ascertained from the Accountant-General. The Board of Revenue will state whether the balances have been so ascertained before sanctioning the allotments.

It is observed that the Local Fund Board have given up many of the rest sheds formerly used by the Public Works Department. It will be reported in whose charge the buildings so given up are and what use is now made of them.

The contribution for the Collector's Office Establishment is said to include provision for two temporary hands. The necessity for this is not apparent, a permanent audit establishment having been sanctioned for each district. The regular estimate is otherwise approved.

3. In the estimate for 1881-82 the Land Cess is taken at Rs. 1,00,000 against Rs. 98,000 in the current year. The increase appears to be anticipated, according to the President, from the levy of the cess in future on several items hitherto omitted. The nature of these items and how the omission came to occur should be specifically explained.

4. It is observed that no provision for New Works has been made in the budget, and that the repair allotment for roads is nearly equal to that of 1880-81. It is satisfactory that the maintenance allowances of the roads were carefully revised.

The provision for Education and Medical Services is passed subject to any remarks which may be made by the Director of Public Instruction and Surgeon-General respectively. The reports of these officers should have been submitted earlier so as to be considered with the budget. The attention of the President is drawn to paragraph 2 of the Sanitary Commissioner's letter regarding the reduced provision for Sanitation. The amount of Rs. 17,000 said to have been transferred* from the General to the Road Fund in 1880-81 should, as far possible, be restored to the former fund during the current year, to enable it to meet necessary sanitary expenditure, fixed in the budget at an unduly low figure. The estimated charges for bungalows are again far in excess of their income. The remarks of Government in paragraph 6 of G.O., dated 7th April 1880, No. 708, should be borne in mind. It is observed that both the receipts and charges are expected to be only half those of 1880-81. Under General Fund no reserve is provided though the requisite 10 per cent. is available from the balance. The sum of Rs. 3,380 will accordingly be transferred from the balance to this head in the Board's budget.

Local Fund Budget.—Orders passed on Proceedings, Board of Revenue, reviewing the Local Fund Budget of the Chatrapur Circle, Ganjam District, for 1881-82.

No. 120.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 26th January 1881.

Read the following letter from the President of the Local Fund Boards, Ganjam, to C. A. GALTON, Esq., Secretary to the Board of Revenue, dated Chatrapur, 23rd October 1880, No. 2,611 :—

IN reference to Section 30 of the Local Fund Act and No. 7 of the Local Fund Rules, I have the honor to submit, herewith, the Budget Estimate (forwarded yesterday) of the Chatrapur Circle for 1881-82 together with the prescribed statements as passed by the Local Fund Board in their meeting held on the 18th instant.

2. Copy of the Circle Board's Resolution is enclosed.

3. The road map of the circle is herewith forwarded.

ENCLOSURE No. 1—Local Fund Board's Resolution.

ENCLOSURE No. 2—Road Map.

THE Local Fund Budget Estimate of the Chatrapur Circle for 1881-82 will be submitted for the orders of Government.

REGULAR ESTIMATE FOR 1880-81.

2. STATEMENT A, REVENUE AND RECEIPTS.—The opening balance according to the Local Fund report for 1879-80 as revised in this office was Rs. 52,844, as detailed in the margin, but in a statement recently furnished by the Accountant-General the actual balance is given as Rs. 51,180, which will now be adopted for the Regular Estimate and distributed between the Road and General Funds as hereunder detailed by deducting the difference, Rs. 1,664, from the former Fund :—

	RS.
Road Fund	26,229
General Fund	26,615
Total ...	52,844

	RS.
Road Fund	24,565
General Fund	26,615
Total ...	51,180

The increase over the anticipated balance in the Budget Estimate was due to short expenditure in consequence of the stoppage of works by the Public Works Department in the latter part of 1879-80 to admit of the accounts being closed and works transferred to Other Agency.

Land Cess is estimated at Rs. 98,000, as in the Budget.

The total receipts are—

	RS.
Road Fund	1,22,595
General Fund	43,055
Total ...	1,65,650

3. Statement B, Expenditure.—The probable expenditure under New Works and Repairs is put down at Rs. 43,009 and Rs. 47,230 against Rs. 7,500 and Rs. 47,230, respectively, in the Budget. According to the registers kept in this office the total allotment sanctioned up to date for New Works amounts to Rs. 40,559 and that for Repairs to Rs. 49,230. These figures will now be entered in the estimate. The difference between the figures entered by the President and those adopted by the Board is due to the allotment of Rs. 2,000 sanctioned for special repairs to the Aska and Ganjam Road having been included by the former under New Works instead of under Repairs and to the allotment for the reformation of the first, fourth, and fifth miles of the Gopálpur and Kalingiyá Road having been taken at Rs. 1,743 in place of Rs. 1,293 sanctioned by the Board. No provision is made for the formation of Avenues, the allotment of Rs. 2,000 in the Budget for this purpose having been transferred to meet the pressing demands on the Road Fund, which was in urgent need of funds for roads.

Vide G.O., Financial Department, dated 24th November 1880, No. 2,199.

4. Local Fund Engineering Establishment.—The cost of Local Fund Engineering Establishment is given as Rs. 11,500, which includes Rs. 1,850 pensionary allowances at 25 per cent. on the total salaries of the establishment. The Board see no necessity for this provision until the question of pensions to Local Fund employés, which is now under consideration, is finally disposed of by Government, and have accordingly struck it out, reducing the cost of the establishment to Rs. 9,650. This amount provides for the salaries of a Storekeeper* on Rs. 15 and a store lascar† on Rs. 5 a month sanctioned in the year.

* Board's Proceedings, dated 9th October 1880, Miscellaneous No. 11,017.

† Board's Proceedings, dated 23rd November 1880, Miscellaneous No. 12,953.

5. Local Fund Schools.—The provision for salaries of masters in Local Fund schools is raised from Rs. 8,520 in the Budget to Rs. 8,950 as the salaries of masters, &c., for February 1880 have been disbursed this year instead of in 1879-80.

6. Result Grants.—Rs. 1,000 are entered under Result Grants against Rs. 2,300 in the Budget. It is stated that the expenditure under this head has been considerably diminishing since the establishment of the combined-system schools and that the reduced provision will be sufficient for the year's expenditure.

7. Hospitals and Dispensaries.—The increased provision under "Medical Subordinates" is due to a Civil Apothecary and an Hospital Assistant having been posted to the circle during the year to take charge of the two new dispensaries at Sómpet and Suradá. Rs. 2,000 against Rs. 800 in the Budget are provided for Medicines and Surgical Apparatus to meet the cost of medicines, &c., indented for on account of the two additional dispensaries.

Sanitation.—Owing to the transfer of the allotments for Improvement of Water-supply and Improvement of Village-sites, the provision for Sanitary Establishments, &c., has been reduced to Rs. 5,000.

G.O., Financial Department, dated 24th November 1880, No. 2,199.

Establishments.—The contribution on account of the cost of the Controlling Establishments at the Presidency will be reduced to Rs. 700, the amount entered in the Budget. When the actual total cost of the Presidency establishments is ascertained after the close of the year it will be distributed as hitherto in the proportion to the assets of each circle. For reasons stated in paragraph 4 *supra* the provision on account of pensionary allowances to the Local Fund Board's establishment has been struck out.

Board's Proceedings, dated 7th June 1880, No. 780.

8. The following is the Regular Estimate of charges as revised by the Board :—

BUDGET ESTIMATE OF 1881-82.

9. Statement I-A, Revenue and Receipts—Land Cess.—Land Cess is estimated at Rs. 1,00,000 against Rs. 98,000 in the current year's Budget and Regular Estimate. The total estimated demand (arrear and current) for the year is given as Rs. 1,27,000, of which Rs. 1,00,000 are expected to be collected.

	RS.
Arrear demand	25,000
Current do.	1,02,000
Total ...	1,27,000

10. Tolls.—Tolls are to yield an income of Rs. 10,000 as in the current year's Budget and Regular Estimate. The President states that it is under contemplation to close a number of toll-gates where traffic cannot possibly be prevented from escaping toll, retaining only those which are important and remunerative and where evasion of tolls is not possible. Before taking any action in the matter the President should submit a report on the proposed changes for the orders of Government. The total receipts amount to Rs. 1,36,250, distributed thus—

	RS.
Road Fund	98,030
General Fund	38,220
Total ...	1,36,250

11. STATEMENT I-B, EXPENDITURE—GRANT I, PUBLIC WORKS—STATEMENT II, ROAD FUND.—The lump provision of Rs. 7,500 for New Works, Communications, has been struck out for reasons stated below. The cost of the Local Fund Engineering Establishment should be Rs. 11,160 exclusive of the pensionary contribution, for which no provision need now be made. The Road Fund expenditure amounts to Rs. 73,320 leaving a balance of Rs. 24,710 at the close of the year.

12. STATEMENT II-A, PART I, NEW WORKS.—Part I contains only one item with a lump provision of Rs. 7,500 for Communications, which is intended to be utilized for works to be decided upon eventually. As the reserve and balance are available for such works the Board have struck out the provision.

13. PART II, REPAIRS.—Rs. 46,430 are assigned for Road repairs against Rs. 47,430 in the Budget. The President has changed the nomenclature of some of the roads on the ground that their original designation is inconvenient and misleading and revised their maintenance grants.

14. Grant I is—

	RS.
Road Fund	70,200
General Fund	1,020
Total ...	71,220

15. GRANT II, EDUCATION.—Rs. 2,570 are provided for Educational Inspection against Rs. 2,300 in the Budget. The provision includes a sum of Rs. 374 on account of pensionary contribution, which, being unnecessary as already stated, has been disallowed and the allotment reduced to Rs. 2,200. For Result Grants Rs. 500 are provided against the current year's allotment of Rs. 2,300 as the schools under this system are stated to be decreasing in number before the combined-system schools and to the actual amount paid on account of result grants in 1879-80 amounting to only Rs. 557.

16. Grant II is Rs. 15,840, chargeable to the General Fund.

17. The provision for Hospitals and Dispensaries is Rs. 5,600 against Rs. 4,370 in the current year's Budget. The increase is due to the charges on account of the two new dispensaries opened during the current year. The pensionary contribution provided under Vaccination has been struck out and the provision under this head reduced to the current year's Budget figure.

18. Only Rs. 3,300 are provided for Sanitary Establishments, &c., against Rs. 7,000 for the current year. The provision is intended to meet the annual cost of the scavengering establishments at certain important towns in the circle. Nothing is provided for other sanitary improvements for want of funds. As it is expected that the General Fund will close with a larger balance than was anticipated by the President, he can submit further proposals for works of a sanitary character. The contribution for the share of the cost of the Medical College and of Vaccine Inspecting Agency, calculated at 0·5 per cent. and not ·05 per cent. of the estimated receipts as stated by the President, should be Rs. 580 each.

19. Grant III is Rs. 16,280, chargeable to the General Fund.

20. The contribution for the Controlling Establishments at the Presidency should be Rs. 950. The pensionary contributions included in the cost of the President's Audit and other establishments have been struck out.

21. Grant IV is—

	RS.
Road Fund	3,120
General Fund	1,220
Total ...	4,340

22. The following is an abstract of the Budget as modified by the Board of Revenue:—

FINANCIAL DEPARTMENT.

Local Fund Budgets.

Read the following papers :—

Proceedings of the Board of Revenue, dated 26*th January* 1881, *No.* 120 [*Current No.* 259].

ABSTRACT.—Reviewing and submitting to Government Local Fund Budget of Chatrapur Circle, Ganjam District, for 1881-82.

Proceedings of the Board of Revenue, dated 24*th March* 1881, *Miscellaneous No.* 3132 [*Current No.* 766-81].

Read the following letter from Surgeon-Major M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated Madras, 14th March 1881, No. 439 :—

I have the honor to report that I received the budget statements of the Chatrapur Circle only on the 8th instant.

2. The Board have, I observe, already received and submitted the estimates to Government in their Proceedings, No. 120, dated 26th January 1881. I have nothing to report further than that the Sanitary allotment is inadequate to meet the requirements of the circle. It is less than the grant for the current year by more than half, *i.e.*, Rs. 3,300 against Rs. 7,000, and bears a proportion of only 9·9 per cent to income. Want of funds, however, precludes a larger outlay being made for other sanitary improvements than simple conservancy. It is hoped that with the large balance that is expected some other sanitary works also may be undertaken.

3. The Vaccination grant amounts to Rs. 5,120 and appears to be ample.

Submitted to Government in continuation of the Board's Proceedings, dated 26th January 1881, No. 120, reviewing the Local Fund Budget of the Chatrapur Circle for 1881-82.

(True Copy and Extract.)

(Signed) E. GIBSON,
Acting Sub-Secretary.

To the Chief Secretary to Government.

ORDER THEREON, 22nd April 1881, No. 692.

2. In estimating the opening balance of the regular estimate the Board of Revenue are obliged to adopt the total amount given by the Accountant-General for the circle and to arbitrarily alter, in the absence of particulars, the President's Road Fund balances alone with reference to the difference between the President's and Accountant-General's figures. It is very probable that Road Fund may be affected more than any other by the adjustments effected by the Account Department; but, as the balances of the other funds may also be affected to some extent by this difference, the Government desire that particulars of these balances be in future furnished to the Board of Revenue by the Accountant-General with reference to G.O., dated 31st May 1880, No. 1092.

The increase in the allotment for New Works (Communications) of Rs. 33,059 over the budget provision is explained in the President's letter as being due to allotments sanctioned by the Board of Revenue from time to time from the reserve and the balance; but, as the amounts appertaining to both these items aggregate Rs. 10,620 only according to the budget estimate, it is presumed that the excess amount was sanctioned by the Board of Revenue from the actual opening balance of 1880-81 ascertained from the Accountant-General. The Board of Revenue will state whether the balances have been so ascertained before sanctioning the allotments.

It is observed that the Local Fund Board have given up many of the rest sheds formerly used by the Public Works Department. It will be reported in whose charge the buildings so given up are and what use is now made of them.

The contribution for the Collector's Office Establishment is said to include provision for two temporary hands. The necessity for this is not apparent, a permanent audit establishment having been sanctioned for each district. The regular estimate is otherwise approved.

3. In the estimate for 1881-82 the Land Cess is taken at Rs. 1,00,000 against Rs. 98,000 in the current year. The increase appears to be anticipated, according to the President, from the levy of the cess in future on several items hitherto omitted. The nature of these items and how the omission came to occur should be specifically explained.

4. It is observed that no provision for New Works has been made in the budget, and that the repair allotment for roads is nearly equal to that of 1880-81. It is satisfactory that the maintenance allowances of the roads were carefully revised.

The provision for Education and Medical Services is passed subject to any remarks which may be made by the Director of Public Instruction and Surgeon-General respectively. The reports of these officers should have been submitted earlier so as to be considered with the budget. The attention of the President is drawn to paragraph 2 of the Sanitary Commissioner's letter regarding the reduced provision for Sanitation. The amount of Rs. 17,000 said to have been transferred* from the General to the Road Fund in 1880-81 should, as far as possible, be restored to the former fund during the current year, to enable it to meet necessary sanitary expenditure, fixed in the budget at an unduly low figure. The estimated charges for bungalows are again far in excess of their income. The remarks of Government in paragraph 6 of G.O., dated 7th April 1880, No. 708, should be borne in mind. It is observed that both the receipts and charges are expected to be only half those of 1880-81. Under General Fund no reserve is provided though the requisite 10 per cent. is available from the balance. The sum of Rs. 3,380 will accordingly be transferred from the balance to this head in the Board's budget.
