2nd Circle

To

The Chief Engineer

P. M. D.

Sir,

Enclosures. 2.

1. Abstract
Estimate
1. Plan.

I have the honor to submit for the approval of Government and the allotment of funds an abstract estimate & plan for Rs 760 for erecting a permanent verandah & passage to the out-houses attached to the Hospital at Mangalore. It has been approved by the Commander-in-Chief.

2. The building was inspected by me last year and I consider the work as necessary to enable the patients in the hospital to reach the out-houses without exposure to sun & rain; at present there is a temporary passage made of bamboo and coconut leaves, that is unsightly costly to maintain and as a rule affords but little shelter.

3. Early sanction is requested to allow the work being completed before the monsoon.

I have the honor to be
Sir
Yours most obedt servt
