No. 55. ORDER THEREON, 12th July 1880, No. 1,636 W.

THE recent reduction in the numbers of office subordinates employed in the Public Works Department, and the alteration in their classification from a scale of fixed salaries to a graded scale with annual increments of salary, has led to numerous questions regarding the salaries to be drawn by individuals, and it appears desirable that rules should be laid down by which these and similar questions which may arise in future may be decided.

2. The ordinary rule for the transfer of individuals from fixed salaries to a graded scale is that men so transferred shall commence upon the minimum salary of their new grades, but it is not considered that this rule is applicable to the case of a whole body thus transferred, or that its application in the present case would be fair to individuals.

3. The following rules will therefore be followed:—

1st.—A clerk or draughtsman whose salary previous to the recent re-organization was equal to or less than the minimum of his new grade will draw that minimum and be eligible to the first increment from the 1st April 1881, provided he was appointed to his new grade on or before the 1st April 1880.

2nd.—A clerk or draughtsman whose former salary was more than the minimum and not more than the maximum of his new grade may draw the salary to which he would have been entitled had he been appointed to the minimum of that grade on the 1st April immediately succeeding the date of his actual appointment or promotion to his former post, and had received the regular increments from such 1st April, subject to the following provisos—

(a), if the amount so arrived at be less than his former salary, he will continue to draw that salary until such time as it is exceeded by the minimum of grade *plus* annual increments calculated as above;

(b), if the amount so arrived at be equal to or more than his former salary, he will draw that salary for the current year and be eligible to his first further increment from 1st April 1881;

(c), he cannot draw more than the maximum of his new grade.

3rd.—A clerk or draughtsman whose former salary was greater than the maximum of his new grade will draw that maximum *plus* a personal allowance sufficient to make up his salary to that which he formerly drew.

4. This latter rule will apply to peons and lascars the pay of whose posts has been reduced under recent orders; such reduction will not affect men employed previous to 1st April 1880.

5. The above rules will take effect from 1st April 1880; their application to individuals will be settled by the Examiner in communication with Superintending and Executive Engineers, lists being submitted to the former officer showing the salary drawn by each individual previous to 1st April last, the date of his appointment to such salary, his present grade, and the salary and personal allowance (if any) to be drawn by him for the current year. Doubtful cases, if any such occur, should be referred to Government for decision.

6. It should be understood that the annual increments provided by the Code are given for approved service only, and that the authority for deciding upon claims to such increments is the authority by whom the original appointment was made; in the case of men coming under the second of the rules in paragraph 3 of this order, it is open to appointing officers to refuse the grant of future increments raising the salary of any individual beyond that which he drew previous to 1st April.

7. Future appointments will in all cases be made to specified grades, and men so appointed will commence on the minima of their grades and count service for increments (subject to the provisions of the last paragraph) from the 1st of the month following the date of their actual appointment.

SIR,

Enclosures.

I have the honor to
report that upon G.O. No. 265 W dated 5th
February 1880 I made reductions in
the Office establishment from the 29th
February. Subsequently by G.O. No. 1636 W.
dated 12th July 1880, former salaries were
restored, with effect from the 1st April.
The consequence is, that some of the
members of the Office establishment of
the 1st Circle, lose a portion of their salaries
for the one month March.

2. The reductions of establishment etc.
when came into force, only from the 31st
March, and therefore by the rules of the
12th July, personal allowances were admit-
ted from the following day the 1st April;

so that no loss was sustained.

3 It could never have been intended, that the strict enforcement of the orders for reduction should be followed by a loss of pay; when that loss is obviated in other cases, by a month's delay; and I trust that authority may be given to the Examiners to pay the amounts of former salaries, in arrears for the month of March.

I have the honour to be

final remarks of the Examiner as regards the

This question came up once before and I refused the amount, viz. Rupees 120 of personal
allowance he has already drawn, to authorize
the Examiner to give retrospective effect to the
order of Government No. 1636 W of the 12th July 1880.
