For information

In my opinion
13th inst. showing that
a certain number of
vacancies would have
to be provided for
by the end of next year
in the Dept. of Education
and not before the
the last order of the
SofI regarding the
supply of Candidates
in the several inde-
pendent Engineering
Colleges - This has
now come to hand
and it will be observed
that the Guarantees
to give one such

Appointment to
the Andros C.E. Coley
is not to take effect
till 1885 instead
of 1883 as stated in
my note

The total number
of vacancies to be
filled in the latter
year will be in all
Seven not Six
as given

Public Works Department despatch to the Secretary of State for India, No. 9 P. W., dated 7th March 1881.

RESOLUTION.—In the despatch now read, the Government of India reported to the Secretary of State that the total number of vacancies, from ordinary causes, in the Engineer Establishment during the year 1880 was 37, which would permit of seven appointments being made to the Engineer Establishment from Indian Civil Engineering Colleges in 1886. The number for 1885 was six, distributed as follows, viz.,—

Madras	...	...	...	...	1
Bombay	...	...	...	...	1
Bengal	...	...	...	...	1
Thomason College	...	...	...	...	3

and it has been decided that the same distribution shall be made for 1886, except that the additional appointment available for that year shall be assigned to the Thomason College, Roorkee, from which appointments are made to all the provinces except those named above.

ORDER.—Ordered, that a copy of this Resolution be communicated to the Governments of Madras, Bombay, Bengal, and the North-Western Provinces and Oudh, Public Works Department, for information and guidance.
