Read the following paper :—

No. 18. From Colonel R. MURRAY, Director-General of Telegraphs in India, to the Secretary to the Government of Madras, Public Works Department, dated Simla, 28th April 1881, No. 302 C.G.

HIS EXCELLENCY the Governor-General in Council having decided that a license may be granted to any private company for working telephone exchanges (that is to say a system of telephone lines all converging in one junction office) within any town or the municipal limits of any town, I have the honor to solicit the opinion of His Excellency the Governor in Council as to the limits within which the operations of any company should be confined with respect to the town of Madras.

No. 19. ORDER THEREON, 17th May 1881, No. 1,249 W.

THE Director-General of Telegraphs will be informed that there is no reason for narrowing for telephonic purposes the limits of the town of Madras more than the Government of India have done.

2. The Right Honorable the Governor in Council approves of the municipal limits, which correspond with the High Court limits, being adopted in any negotiations with Telephone Companies. It will of course be for the Company concerned to decide the extent to which they will establish their lines within those limits.
