GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

21st May 1881, No. 1,298 W.

Buildings and Roads.
Civil Works.

Read the following paper:—

No. 37.

No. 191.

Report on Estimate for the restoration of the Temple in the Vellore Fort.

THE report by the Executive Engineer gives the history of the work, and now the final estimate for the work done and that necessary for the completion of the work amounting to a total of Rs. 3,382 is forwarded.

In G.O., No. 1,160 W., dated 17th May 1880, Rs. 831 was sanctioned and therefore sanction for a further sum of Rs. 2,551 is required.

The whole work has been executed, with the exception of removing rubbish from an underground room Rs. 50 and building a masonry drain nearly 600 feet in length at a cost of Rs. 1,500. This last is very necessary as the drain is from 5 to 8 feet deep in old debris with stones and boulders, and unless a masonry drain is built the sides must fall in and block it up with the result of the restored pagoda being flooded during rains. It was ordered to be included in the estimate by the Superintending Engineer in his inspection of the work on the 4th March 1881, which order was approved of by the Chief Engineer.

The work done is very good, and the rates, &c., are considered fair and reasonable. The expenditure up to the end of last official year amounted to Rs. 1,655 and therefore a sum of Rs. 1,727 is required to be allotted for this year, for this an application will be forwarded.

OOTACAMUND,
5th May 1881.

(Signed) H. R. MEAD, Major, R.E.,
Superintending Engineer, Second Circle.

No. 38. ORDER THEREON, 21st May 1881, No. 1,298 W.

THE revised estimate amounting to Rs. 3,382 for restoring the temples in the Vellore Fort is sanctioned.

2. This sanction has been registered as Provincial No. 28 B of 1881-82 and classified as Civil Buildings, Original Works. It cancels No. 6 B of 1881-82.

1 Report

The Report by the Executive Engineer
gives the history of the work and now the
final estimate for the work done and that
necessary for the completion of the work
amounting to a total of Rs 3382 is for-
warded.

In G. O. No. 1160 dated 17th May 1881
was sanctioned and therefore sanction for
a further sum of Rs 2551 is required.

The whole work has been executed with
the exception of removing rubbish from an
underground room Rs 50 and building
a masonry drain nearly 600 ft. in length
at a cost of Rs 1500. This last is very
necessary as the drain is from 5 to 8 ft.
deep in old debris with stones and boulders

and

and unless a masonry drain is built
the sides must fall in and block P.W.C. No 2816
it up with the result of the Restored
Pagoda being flooded during rains.

It was ordered to be included in the
estimate by the Supg. Engineer in his
inspection of the work on the 11th March 1881
which order was approved of by the
Chief Engineer.

The work done is very good and
the rates &c are considered fair and
reasonable. The expenditure up to the
end of last official year amounted
to Rs 1655 and therefore a sum of
Rs 1727 is required to be allotted for
this year for this an application will
be forwarded.
