Proceedings of the Madras Harbour
Works Committee dated April 27th 1881.

Present.

Honorable P. Moosadyen.

A. C. Walker Esquire.

Captain Ransom R. E.

Captain J. W. Taylor R. N. R.

unofficially N. St. B. Beardsmore Esquire.

Captain Taylor enquired what course should, in the opinion of the Committee, be followed with reference to ships using the harbour, having in view the approach of the cyclone season in May, whether the ships now inside should be allowed to remain or be sent outside, and whether others should be admitted.

After discussion, the Committee resolved that this is a question coming within the competence of the Marine Department, and that the responsibility of dealing with it should be left to that Department. The Committee resolve to represent to Government the urgent necessity of a tug being provided

for

for the Harbour, without further delay, and
they also hope that the Moorings ordered so
many months ago will ere long be in
use as.
