Proceedings of the Special Commissioner

Read letter from the Government Agent
CURRENT No. 1487

Godavari dated 2nd April 1881. N^o 6.

Order thereon 11th April 1881 N^o 103.

It is observed that Konaram is on the right and Muddigudem on the left bank of the Sabbari, at the point where that river falls into the Godavari. The building can be constructed at either place, according to the selection of the local officers.

2. But it is intended that the Special Assistant shall be allowed to leave the upper taluks during the rains, just as the Ganjam and Jaypore Officers are allowed to withdraw from their Hill head quarters for the same season. Quarters should be ultimately provided, during the rains, for the Special Assistant at Raghudeopuram; till then he may withdraw to Rajahmundry.

on the letter from the Superintendent of works, Godavari No: 3488 dated 19th February 1881.

2. The Special Commissioner observes that the Office building of the Special Assistant Agent can be constructed either at Konaram or Waddigudem according to the selection of the local officers. The place which the Special Assistant Agent and I have selected as a fit place for the Head quarters was Konaram and I propose that the building be constructed there.
