Works Goddard

Off the Delta, now to the
Mudi canal, now to the
Bank canal, now to the
Attiti canal and again
to the Ellore canal and
so on. He is, consequently,
continually absent from
his family and is put
thereby to considerable
expense and I consider that
his is a special case,
in which the orders pro-
hibiting travelling allow-

Sir, With reference to your memo No 67 of 8th Instant, I am quite aware that surveying and levelling are legitimate duties of a Delta Supt. and I should not have applied for Travelling Allowance for Delta Supt. B. Lakshminiah, if these duties were confined to his own section or to any ^{one} section. They, on the contrary, take him to every part of

SIR,

I have the honor to bring to your notice that the Godavari Western Division Officer requested me to obtain sanction of Government for granting travelling allowance at Rs. 15 a month, as a special case, to Delta Supt. B. Lakshminiah who has been employed on special surveying & levelling duties in the Division from August last. I pointed out to him that under G.O No. 1038 of 22nd April 1874 and paras 413 & 620 of the Code, the Delta Supt. is not entitled to any travelling allowance. But the Division Officer in his letter No. 56 of the 27th April 1881 herewith *urges*

urges the necessity of applying to you
for the same.

2. I have nothing to add more
than what is said by the Division
Officer, & I trust you will see fit
to obtain sanction of Government
to the granting of the travelling al-
lowance in question retrospectively
from August last.

I have the honor to be,

PROCEEDINGS OF THE BOARD OF REVENUE, dated 18th December 1880.

Read endorsement of the President of the Local Fund Boards, Tinnevely District, dated 18th October 1880, No. 151, on letter from the Vice-President, Shermádevi Circle, dated 16th October 1880, No. 61, forwarding the Budget Estimate for 1881-82.

THE Local Fund Budget of the Shermadevi Circle for 1881-82 will be submitted for the orders of Government.

REGULAR ESTIMATE FOR 1880-81.

2. RECEIPTS.—The opening balance is given as Rs. 49,494, but according to the statement of actual closing balances of 1879-80, furnished by the Accountant-General, the balance should be Rs. 42,977. In the absence of details, the balances under the Endowment and General Funds will be taken at Rs. 8,494 and Rs. 9,996, respectively, according to the Circle Report for 1879-80 as revised in this Office and the remainder, Rs. 24,487, entered under the Road Fund. The increase of the actual balance over the estimate* is due to the expenditure in 1879-80 having fallen short of the estimate under all the funds.

* Rs. 28,780.

* Rs. 28,780

As in the Budget the Cess on land is estimated at Rs. 75,000, of which Rs. 29,910 only have been collected during the first five months of the year, and apparently no doubts are entertained as to the remainder, Rs. 45,090, being got in by the end of the year. The Board hope the estimate is well founded, but observe that it is based on the supposition that arrears will be collected in full and Rs. 67,250 out of a total current demand of Rs. 77,440.

3. An income of Rs. 1,578 is entered under "Markets," an item against which there was no entry in the sanctioned Budget, though the actuals under this head in 1879-80 were Rs. 867. In the Remark column of the comparative statement of receipts and expenditure submitted with the Circle Report for 1879-80 it is stated that a system of collecting fees at markets "was introduced newly this year," and it appears from Statement IV of the Budget for 1881-82 that markets are or will be established at nineteen villages. The formal sanction of Government to their establishment should have been obtained, and the President will report fully regarding them stating the rate of fees levied at each market with other particulars. Another fresh item of receipt is the contribution from the Jungle Conservancy Fund towards the pay of the Avenue Superintendent entertained in the Circle with reference to G.O., Financial Department, dated 2nd July 1880, No. 1,287. The total receipts are—

							RS.

Endowment Fund ...	...	...	...	...	...	...	29,372
General Fund ...	...	...	...	...	...	...	37,619
						Total ...	1,47,368

4. EXPENDITURE (a) NEW WORKS—COMMUNICATIONS.—The probable expenditure on New Works, Communications, is given as Rs. 8,560, but will be raised to Rs. 13,560, the amount sanctioned to date according to the registers of this Office.

(b) REPAIRS—COMMUNICATIONS.—The expenditure on road repairs is estimated at Rs. 56,000, being an increase of Rs. 17,730 over the Budget Estimate, Rs. 38,270. The allotments sanctioned up to date under this item amount only to Rs. 39,810, which will be entered in the Regular Estimate, but a sum of Rs. 6,000 will be entered under the Road Fund Reserve for future allotments.

CIVIL BUILDINGS.—The provision under Civil Buildings was only Rs. 890 in the sanctioned estimate, but Rs. 7,200 are now entered. Of this amount Rs. 5,997 have alone been sanctioned by the Board. The balance, Rs. 1,203, will be added to the General Reserve.

(c) ENGINEERING ESTABLISHMENT.—The cost of the Engineering Establishment shows an increase of Rs. 51 over the Budget allotment, and this is due to the one-third share of the Circle of the cost of the two additional Lascars and a Vernacular Clerk sanctioned for the District Engineer.

The cost of the Avenue Superintendent is shown in the Regular Estimate under Grant III, but should properly be shown under Grant I, and the necessary alteration has been made.

The allotment for Tools and Plant should be Rs. 1,548. Advances (Rs. 2,315) made to Range Officers for execution of works are entered in the Regular Estimate as an independent item of expenditure, but such entry is obviously incorrect and will be struck out. There is an increase of Rs. 192 over the Budget allotment under Salaries of Medical Subordinates, and a sum of Rs. 325 is put down for contingencies under Markets. These are not sanctioned by the Board as yet, and the President will submit the necessary application. The Regular Estimate of expenditure as revised by the Board is as follows:—

These balances will be taken to the Budget for 1881-82.

BUDGET FOR 1881-82.

5. STATEMENT I-A, REVENUE AND RECEIPTS.—As in the current year's Budget, the Land-cess is estimated at Rs. 75,000. Market rents are put at Rs. 1,000, but the amount in the Regular Estimate is Rs. 1,578, and as that estimate was based on the actuals of the last seven months of 1879-80 and the first five of the current year it is probably sound, and the estimate for 1881-82 will be raised to Rs. 1,500. The total receipts are—

	RS.
Road Fund ...	66,380
Endowment Fund ...	29,770
General Fund ...	35,750
Total ...	1,31,900

6. STATEMENT B, EXPENDITURE—GRANT I, PUBLIC WORKS—STATEMENT II, ROAD FUND.—The allotment for New Works, Communications, in this statement is incorrectly given as Rs. 13,860 instead of Rs. 13,500. The cost of the Local Fund Board's Engineering Establishment is Rs. 9,230, of which Rs. 8,490 are chargeable to the Road Fund. The share of the cost of General Management chargeable to the Road Fund and the allotment for Tools and Plant should be Rs. 1,900 and Rs. 1,110, respectively. The total Road Fund expenditure amounts to Rs. 61,460, leaving a balance of Rs. 4,920.

7. STATEMENT II-A, PART I, NEW WORKS.—The total assignment for New Works is Rs. 15,860, of which Rs. 13,500 are chargeable to the Road Fund and the remainder, Rs. 2,360, to the General Fund. Of the latter sum Rs. 2,000 are set apart for a Sudra Chattram at Tenkási. An estimate for the work should be submitted at an early date as well as a revised estimate for Item No. 1, as the original estimate, Rs. 4,500, is to be exceeded by Rs. 6,000. Items Nos. 4 to 9 should have been entered in an Appendix to Part I, as the estimated cost of each is below Rs. 1,000.

8. PART II, REPAIRS.—The grant for road repairs is Rs. 39,880 against Rs. 38,270 in the Budget for the current year. The decrease is partly due to the fact that out of 29 miles of Road No. 5 (Item No. 1 in the current year's Budget) only $9\frac{1}{2}$ miles require attention as provision is made under New Works for the reconstruction of its southern portion and partly to the absence of the allotment of Rs. 8,140 for special repairs provided in the current year's Budget (Item No. 11). The rate of maintenance per

mile in the case of Roads Nos. 1 to 4 in Part II is stated to have been increased at the request of the District Engineer. The length of Roads Nos. 2, 4, 15, 20, and 32 in the Appendix is not the same as given in the current year's Budget, and the discrepancy should be explained. Items Nos. 34 and 35 are new entries, and a sum of Rs. 1,500 is provided for repairing village roads.

9. The total of Column 3 of Statement II-B is Rs. 46,740, which does not tally with the amount allotted for roads as per Statement II., viz., Rs. 44,740. The President will point out wherein the difference of Rs. 2,000 lies.

Grant I is—

	RS.
Road Fund ...	59,560
General Fund ...	5,450
Total ...	65,010

10. GRANT II, EDUCATION.—A saving of Rs. 70 is estimated under "Payment for inspection" with reference to the actuals of 1879-80: in the case of establishment charges full provision must always be made in the Budget, and no account be taken of possible savings. As in the current year's Budget Rs. 9,000 are put down for Result grants, but having regard to the actuals of 1879-80 and those (Rs. 2,209) of the first five months of the current year as given in the Regular Estimate the provision seems unnecessarily large, but will be allowed to stand until further experience shows more decidedly what is likely to be required.

Grant II is Rs. 9,620 chargeable to the General Fund.

11. GRANT III, SANITATION, &c.—MEDICAL AND OTHER INSTITUTION.—The allotment for the salary of the Medical Subordinate attached to the Ambásamudram Dispensary is raised from Rs. 180 to Rs. 480 and that for the pay of the Hospital Assistant in charge of the Nágunéri Dispensary is reduced from Rs. 360 to Rs. 180. No explanations are furnished regarding these changes, which will, however, be allowed to stand pending the receipt of remarks of the Surgeon-General with the Government of Madras.

12. On account of Sanitation Rs. 5,440 are set down, viz. :—

(1.) For improvement of water-supply	...	...	...	Rs.
(2.) For do. of village-sites	...	...	...	1,450
(3.) For scavenging purposes	...	...	...	1,240
	...	...	...	2,750

The provision of Rs. 600 for Avenue Establishment will be removed to Grant I.

13. The estimated cost of choultries is Rs. 13,460 against Rs. 15,900 in the current year, the decrease being apparently due to a reduction under "Feeding Travellers" with reference to the actuals of 1879-80. It is observed from Statement IV-A that provision is made for the new chattram at Nágunéri, but that that at Kadayanallur, for which Rs. 18 were provided in the current year's Budget, is omitted. The President will explain the cause of the omission.

14. The expenditure proposed on account of markets is entered in Statement IV alone, but it should have been shown in Statement IV-A also. The contribution to the Medical College and Inspecting Vaccine Agency should be Rs. 520 each.

Grant III is—

Endowment Fund	...	...	...	...	...	Rs.
General Fund	...	...	...	...	...	13,460
	...	...	...	...	...	13,970
Total	...	...	...	...	...	27,430

15. GRANT IV.—The contribution for Controlling Establishments at the Presidency and that for the establishment in the Collector's Office should be Rs. 970 and Rs. 220, respectively. The amount shown against Local Fund Board's Establishment includes a sum of Rs. 240 for the District Audit Establishment. Taking the cost of this establishment at Rs. 1,320, which is the amount sanctioned in G.O., Financial Department, dated 22nd March 1880, No. 609, and distributing it between the assets of both the Circles, the Board get Rs. 480, which is the amount to be charged to the funds of the Shermádevi Circle on account of the District Audit Establishment and will be shown under Grant IV, but separately from the cost of the Circle Board's Establishment.

Grant IV is—

Road Fund	...	...	...	...	...	Rs.
General Fund	...	...	...	...	...	1,900
	...	...	...	...	...	1,860
Total	...	...	...	...	...	3,760

Proceedings of the Board of Revenue, dated 18th December 1880, No. 1946 [Current No. 3343].

ABSTRACT.—Reviewing and submitting to Government the Local Fund Budget of Shermádevi Circle, Tinnevely District, for 1881-82.

Proceedings of the Board of Revenue, dated 19th February 1881, No. 1759 (Miscellaneous) [Current No. 446].

Read the following letter from Surgeon A. J. STURMER, Secretary to the Surgeon-General with the Government of Madras, to the Secretary to the Board of Revenue, dated Fort St. George, 11th December 1880, No. 6772½:—

With reference to the 1881-82 Local Fund Budget Estimate of the Shermádevi Circle, Grant III, I have the honor, by desire of the Surgeon-General, to report to your Board that the sum set apart for the maintenance of the three dispensaries is adequate and calls for no remarks save in the items of "Medical Subordinate" and "Furniture, &c."

2. The sum of Rs. 480 provided for the pay of the Medical Subordinate of the Ambásamudram Dispensary should be reduced to Rs. 360, being three-fourths of the salary of the Second-class Hospital Assistant in charge of the institution.

3. The pay of the Civil Hospital Assistant attached to the Nángunéri Dispensary should be increased from Rs. 180 to Rs. 250, as he will be entitled to charge allowance of Rs. 10 per mensem from July 1881.

4. The provision for "Furniture, &c.," may be reduced to certain extent, as new furniture should not be required every year.

5. A sum of Rs. 630 is entered as contribution towards the expenses of the Medical College.

Submitted to Government in continuation of the Board's Proceedings, dated 18th December 1880, No. 1946, reviewing the Local Fund Budget of the Shermádevi Circle for 1881-82.

2. The alterations pointed out in paragraphs 2 and 3 of the foregoing letter will be made in the budget on its return from Government.

Local Fund Budget — of Shermádevi Circle,
Tinnevely District, for 1881-82.—Reviewing
and submitting to Government—

Proceedings of the Board of Revenue, dated 21st March 1881, No. 3005 (Miscellaneous)
[Current No. 745].

Read the following papers :—

From Surgeon-Major M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated Madras, 8th January 1881, No. 14.

I have the honor to report, for the information of the Board of Revenue, that the Shermádevi Local Fund Board have made a provision of Rs. 5,440, or 21·7 per cent. of available income, for Sanitary purposes for the year 1881-82. The allotment appears to be ample and is well distributed.

2. The Vaccination grant amounts to Rs. 2,680 and seems to be adequate. No details of establishment have been forwarded to me, but from a list furnished by the Inspector of Vaccination the staff employed appears to be sufficient.

From H. B. GRIGG, Esq., Director of Public Instruction, to the Secretary to the Board of Revenue, dated 21st January 1881, No. 245.

With reference to the budget estimate of the Shermádevi Circle for 1881-82, I have the honor to state that I concur with the Board of Revenue in considering that the provision for inspection should be raised to Rs. 620, the entry in the current year's budget.

2. The assignment for results grants in the budget of 1880-81 (viz., Rs. 9,000) is repeated, but in paragraph 10 of their Proceedings, No. 1946, of the 18th ultimo, the Board of Revenue have remarked that, having regard to the actuals of 1879-80 and those of the first five months of the current year, the provision seems unnecessarily large. It must, however, be observed that results grants were paid at reduced rates during 1879-80 and that it generally happens that the expenditure on results grants is rather greater in the latter half than in the first half of the year. The restoration of the old scale of grants, coupled with the return of prosperity to the country, will probably materially increase the number of results schools. It is further noted that, while the expenditure proposed under Grant II is Rs. 9,620 out of Rs. 12,500, the one-sixth share of land-cess which ought, properly speaking, to be appropriated for educational purposes, the allotment for Sanitation amounts to Rs. 13,970, exclusive of the charge to be met from the Endowment Fund. In these circumstances I have the honor to recommend that the grant be not disturbed.

Submitted to Government in continuation of the Board's Proceedings, dated 18th December 1880, No. 1946, reviewing the budget of the Shermádevi Circle for 1881-82.

2. The regular estimate of receipts has been fully and correctly revised by the Board of Revenue. Under G.O., Financial Department, dated 11th December 1880, No. 2312, the Board have authority to sanction proposals for levying market fees. It is observed that the sum of Rs. 1,500 provided for the maintenance of avenues and shown in the regular estimate under "Miscellaneous Public Improvements" is

3. In the budget for 1881-82 the current year's estimate of Land-cess, Rs. 75,000, is repeated; and the President states that he is not sanguine of realising more than this amount, but that the effect of the enhanced rate of cess introduced in 1879-80 should be awaited. The Board have accordingly accepted the President's estimate.

4. The total provision under Grant I nearly approximates the figures of the current year and is correctly distributed. The assignment for Results Grants is passed under the explanation furnished by the Director of Public Instruction. Under Grant III the provision for the pay of the Medical Subordinates attached to the dispensaries at Ambásamudram and Nángunéri should be revised with reference to the remarks of the Surgeon-General, as also that for furniture and sundries.

5. With these remarks the Right Honorable the Governor in Council passes the Local Fund Budget of the Shermádevi Circle for 1881-82.
