Revenue Department

Miscellaneous No. 3,159 1515/5

Proceedings of the Board of Revenue dated 24th March 1881.

Read the following

No. 530.

From
The Ag. Collector of
Kistna District

To,
The Secretary to the
Board of Revenue
Madras.

Sir,

In G. O. No. 2040 July 17 1875 an estimate was sanctioned for making certain additions and alterations to the Collector's Office building at Masulipatam at a cost of Rs. 34,130; but no money has been made available for the work.

2. In 1871 Mr. Boswell urged

urged the immediate necessity of improving the building, which has greatly deteriorated during the last 10 years and which will be quite unsafe for occupation if another season is lost. Accommodation is badly required for the various departments of the Collectorate.

Several new ones have recently sprung up into existence Viz
The Local Fund Boards Office
" Collectors' Local Fund Clerks "
" Collectors' Local Fund Auditors "

The Assistant Collector has no fixed room given him. The Temporary Deputy Collectors' Clerks are crowded into the same room with him. The Collectors' room is most inconveniently small the difficulty is felt the greatest when the Local Fund Boards' meetings are held or Magisterial work has to be transacted.

I request therefore that the Board will be pleased to recommend that funds be allotted at once.

In the Provincial Budget for this year, this work appears* classed under B i.e under those works which are not provided for but for which funds will be made available from the reserve, should the necessity for undertaking them be clearly established. See G.O. No 569 W. March 9. 1880 Public Works Department. The necessity in regard to the Cutcherry Building here has been urged almost every year since 1871. I find it calls for immediate attention and would suggest that Government be moved to sanction funds for expenditure during the

* with a proposed grant of Rs 15000 See Public Works Department Provincial Service Budget Estimate, p p 8 & 9 item 18.

the present working season.

I have &c.

(Signed) C. W. W. Martin
Actg Collector

Kistna District
Collector's Cutchery
at Masulipatam
5th March 1881

Submitted to Government with the request that funds may be allowed for the work at an early date if possible.

2. The work appears as item 16 class B. in the Budget Estimate for 1881-82 received with G.O. dated 27th January 1881 No 22 W.

1519/1

To
C.

Please see the accompanying statement of Incomplete works of 1880-81 of the Presidency Division, and let me know if it is necessary to appropriate funds for works likely to be completed in the current official year with an expenditure less than Rs 500. I think no appropriation is necessary for such works under Rule III para: 1757 of the P.W. Code.

No 790

1015/32

From
The Ag. Collector
of Salem

To
The Executive Engineer
Salem Division

Sir

With reference to your letter, 17th instt. No 246, I have the honor to state that the Construction of a new Court House for the District Moonsiff at Tripatore is a highly necessary work. The present building is quite unfit for the purpose and is disgraceful.

2. As to the alterations and improvements to the Tahsildar's Cutchery at Womalore, I observe that the order quoted sanctions an estimate for the construction of a new building. I shall adress you further on the subject.

Executive Engr N. A. Division

Sir,

With reference to your letter of the 29th Ultimo No. 3834, I have the honor to acquaint you that having myself, on the 2nd instant, inspected the Chendragherry Taluq Cutcherry building, I am in a position to state, without hesitation, that unless it is immediately repaired, especially the Eastern portion of the building, it will collapse at no very distant date. The walls are cracked through and through in many places, the foundation shews signs of sinking and water pours into the record room freely every time it rains. I am strongly of opinion that the proposed additions and alterations are of an emergent nature and the work should therefore, be carried out during the current year

Sir;

Enc: 3
1 Statement with 2 letters

I have the honor to submit the statement of requirements on account of Incomplete works for 1880-81 and of new works sanctioned, but not yet commenced and which are recommended for execution in 1881-82, under Imperial and Provincial Services.

2. The statement from the West Coast Dn having not yet been received, the works of that division have not been included in the statement now submitted. A supplemental statement will therefore be submitted as soon as the information already called for is received from the Executive Engineer.

3. Funds on account of minor new works i.e. those works whose estimate amounts are less than Rs 2500 each have not been included in the statement as specific appropriations for such individual works

are

are unnecessary under G. O. No 405 W of 14th February 1881. Lumpsum grants on account of such works have already been applied for in my letter No 148 of 31st March 1881; and if found necessary further applications for increase of such grants will be submitted in due course.

I have the honor to be

Enclo. No. 1 & 2

In a letter No. 205 of 13th May 1881 from the Supdg. Engr. 2nd Circle :-

No. 29[illegible]

Supplemental statement of requirements on account of Incomplete works of 1880-81 and of New Works sanctioned but not yet Commenced & which are recommended for execution in 1881-82

Extract from letter No. 15 d/ 7th April 1881 from the Assistant Engineer in charge Cannanore Sub Dn. to the Executive Engineer West Coast Dn.

1015/50

"11, I regret not being able to report satisfactory progress on the Forest Officer's house at Manantody, the cause of non utilisation of the amount allotted was however due to the site not having been handed over and to the owner of the land refusing to sell it just at the last moment.

"12, The expenditure has already reached Rs. 2000 as follows.—

	Rs.	A.	P.
On account of bricks	200	"	"
—Do— Tiles	903	"	"
—Do— Chunam shells	581	8	"
—Do— Portland Cement	255	"	"
—Do— Cartage of Puddling machine	28	"	"
	1967	8	"

"13, When stating that I expected to be able to spend Rs. 5000 I included the value of site 800/-, 1000 carts of sand (500/-) erection of huts for storage of materials and convenience of work people say 250/- and excavation of foundations; of Course all this was rendered impossible by the site not

being

"being handed over.

"14 I also expected to be able to pay for bricks about four times what I have done but though the moulded bricks, to the number of about 40000 have been ready for some time, Kilns erected and firewood collected the burning has been delayed by unexpected heavy rain.

"15 There are also materials (chunam shells & tiles) to the value of about 800/- now at site, which I was unable to pay for owing to the Overseer not having sent bills for them.

"16 I have written to the Dy Collector about arranging for the purchase for a new site selected by Forest Officer and approved of by him (Dy. Collector) and myself and as soon as he tells me it can be procured I will forward you a survey of it."

Statement of requirements on account of incomplete works &c for 1881-82.

Draft order & statement submitted for perusal & approval prior to despatch to Coty -

On account of the smallness of the Provincial Reserve at the disposal of Govt. appropriations have not been made for several new works which have been reported to be urgent.

For the same reason it has not been found possible to make any allotment towards the Completion of Govt. House at Ootacamund, for which work the S. E. has asked for Rs 35,000 -

Superintendent of Works Office Kistna
Masulipatam 28th March 1881
Desp. 29th do

From
The Superintendent of Works
1075/53 Kistna

To
The Chief Engineer and
Secretary to Government P.W.D.
Madras

Sir,

I observe that in the Provincial Budget for 1881-82, the divisional Office at Duggirala, for which an Estimate amounting to Rs: 14,520 was sanctioned in G.O. No. 2708 of the 25th November 1880 is entered among "Class B" works.

Item No 57

2. The necessity for the construction of this Office has been repeatedly urged, but I think it right again to bring to the notice of Government the extreme discomfort entailed on the Officers of the Kistna western division by there not being a single pukka Building at the Head Quarter Station.

3. The Office is held in a mud shed, the present Executive Engineer Mr. Wybrow lives in a very poor mud building the propo

of Mr. Norris formerly Executive Engineer at Duggerala. Mr. Garrett the Senior Assistant has his Head Quarters at Bapatla instead of at Duggirala and rents an old Traveller's Bungalow there. This is away from the Canal road & most inconvenient place for head quarters, but there is none other. Mr. Usher the Junior Assistant has his Head Quarters necessarily at Duggirala and is running up a small shed for himself.

4. If the Office were built, there would be temporary accommodation for 2 Officers until the Bungalows were sanctioned and built.

5. The comfort and even the health of the Officers attached to the Western division is involved in the speedy provision of proper accommodation. The Division Office and records are in a small thatched Building, in every way unsuitable. On all grounds the construction of the office appears to me most urgent. I trust therefore you will be able to allot Rs: 5,000 or 6,000 early in 1881-82. This will enable the land required for the site to be taken up, and such progress made, as will ensure the completion of the Building early in 1882-83.

I have the honor to be
Sir

Sir,

I have the honor to bring to your notice that up to date the repairs to the Hospital have not been attended to. As the monsoon months are fast approaching, it would be advisable to have the work attended to at once, otherwise very great inconvenience would be caused to the patients in Hospital and the wards may be rendered unhealthy by the rain coming into them, during the heavy monsoon showers.

Enclosure 1

Sir

I have the honor to bring to your notice the fact that the Verandah of the Military Hospital at this Station urgently requires repair

II. In September 1880 the roof of the old Verandah was in so dangerous a condition that the Assistant Engineer at this Station considered it necessary to pull it down to prevent its falling and injuring the patients.

III. Sanction of Government for the necessary repairs was granted in Proceedings of Government No. 2789 Dated 3rd December 1880 but owing to

want

want of funds the work has not yet been commenced.

IV. The Medical Officer reports in Docket No. 26 Dated 25th April 1816 to the Officer Commanding 7th Regiment N.I. (copy attached) that unless the Verandah is repaired before the commencement of the coming rains the ward will be rendered unhealthy and dangerous to the health of the patients.

V. The roof being now off the Verandah leaning and resting on the inner wall of the building would probably so injure it as to render it dangerous.

VI. The building is tolerably good and the roofing of the Verandah should not be very expensive, the Estimated cost being Rupees 18 80.

VII. I have therefore the honor to request that you will be so good as to lay the matter before His Excellency the Provincial Commander in Chief with a view to obtaining his sanction to the immediate commencement of the necessary repairs.

Do — Do — (" " 1097 d/ 22nd April 1881)
The Dy Acct. General — (" " 339 d/ 11th May 1881)

The papers read above give cover to statements of require-ments of Supdg: Engi-neers and Superin-tendents of Works account of incomplete works of 1880-81 and of new works sanctioned but not yet commenced, and which are recommended for execution in 1881-82.

2. The sum of Rs 10,000 required for renewing the roofs of the North and South blocks of the old barracks at Poonamallee has, as recommended by the Supdg: Engineer 2nd Circle, been provided by transfer from the appropriation made in the Budget for the Barracks for European Troops at Poonamallee, subject to the approval of the

Govt of India. A further sum of Rs ~~4673~~ 4573 has also been transferred from the grant for Budget Item I on account of the completion of the under-mentioned works which cannot be provided for from the Reserve.

(a) Additions and alterations to new Hospital at Poonamallee

(b) Do. Do. to old Hospital

3. Under Provincial, it has not been possible to provide for any un-commenced works, the balance under Reserve being only Rs 38416, which sum is hardly sufficient to provide for the most urgent incomplete

works.

4. The Govt fully recognise the importance of carrying out several uncommenced works now brought to notice, but regret that for financial reasons they are compelled to postpone them.

5. The Financial Deptt. will authorise the Accountant General to place at the disposal of the P.W. Deptt. the sum of Rs 6052, required for the following works, from the sum of Rs 54,000, alluded to in G.O. No: 2158 dated 22nd Novr. 1880, Financial Deptt.

Sub Registrars Office at Kumbaconum	Rs	747
Dist. Registrars Office at Tanjore	"	4,000
	Rs	4,747
Establishment Charges	"	1187
Tools and Plant	"	118
	Rs	6,052

By this arrangement the sum of Rs 13107 applied for in G.O. No: 366W dated 10th Feby: 1881 on account of the Registrars Office at Tanjore will not be wanted.

6. The Financial Deptt. will further authorise the Accountant General to place to the credit of the P.W. Deptt. the amounts required

from the following sources.

Convict Labour Fund	Rs 14874	By transfer to the Credit of Provincial Fund
Cattle Pound Fund	" 21837	
Educational Fund	" 5758	
Port Fund	" 4768	

7. The Revenue Dept. have already been requested by Endorsement No. 1257 of 20th May 1881 to authorise the Conservator of Forests to place Rs 11,132 at the disposal of the Executive Engineer West Coast Division on account of the Deputy Conservator of Forests Residence at Manantoddy.

8. Column 10 of the annexed Statement shows the amount that

that has been appropriated in 1881-82.

9. It should be distinctly understood that no works other than those for which appropriations are now made should be proceeded with in the absence of the special orders of Government.

10. The attention of Officers of the Dept. is called to Rule III under para 1757 of the Code from which they will observe that when the amount required

to complete a work of a previous year is less than Rs 500, no appropriation is necessary to cover the unexpended balance in the current year. The statements should not therefore include works of this character. By a little additional exertion towards the close of each financial year, the number of these works should be small!
