Government Order, dated 21st September 1880, No. 479.

Read the following papers:—

No. 24. From the Officiating Examiner of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 27th October 1880, No. 706.

Of the two estimates sanctioned in G.O., No. 479, of 21st September 1880, the one for putting in a doorway to the light-house platform in the Fort at Cannanore, amounting to Rs. 15, should apparently be in connection with the work of "constructing a light-house platform at Cannanore," which is being proceeded with on a sanctioned estimate for Rs. 414, and not taken in conjunction with the estimate for the flagstaff at Cannanore as would appear to be intended from the terms in which the sanction is conveyed.

2. If the former supposition is correct, the estimate for the doorway should be sanctioned as supplemental to the one now in progress for construction of the light-house platform.

No. 2415.

Transferred to the Chief Secretary to Government, Marine Department, with reference to the Orders in that Department—

Administrative Department.

In returning the accompanying memorandum from the Examiner of Public Works Accounts referred to me under endorsement, No. 2157, dated 18th November 1880, I have the honor to state that the estimate for Rs. (15) fifteen for putting a doorway to the light platform at Cannanore has been treated by this department distinct from the estimate for the flagstaff at that port referred to. It is, of course, to be taken as supplemental to the one for the construction of the light platform.

No. 26.

ORDER THEREON, 10th January 1881, No. 11.

The estimates enclosed in the Acting Master Attendant's letter of the 14th September 1880 should have been submitted separately for sanction, as they related to wholly distinct works.

2. In supersession of the first paragraph of G.O., No. 479, of the 21st September 1880, the following estimates are sanctioned, the latter being supplemental to the estimate now in progress for constructing the light-house platform :—
