Taluk Cutcherry at Wallajapet, North Arcot District.—Sanctions for execution when funds are available the estimate for constructing a —.

No 100.

North Arcot Collectors Office
Camp Palmanair, 28th May 1881.

From

W. S. Whiteside Esq.
Collector of North Arcot.

To

The Superintending Engineer
2 Circle Ottacamund.

Sir,

I have the honor to return duly countersigned the revised Estimate and Plan for the Construction of Taluk Cutcherry at Wallajapet, received with your letter No 180 dated 23rd Instant, and to state that, as the building would be in the heart of the town surrounded by houses, it is absolutely necessary that a Compound wall should be constructed all round the Cutcherry instead of constructing a wall 10 feet in length on each side of the gate piers and hedging the remaining portions on banks. This would be objectionable in one respect as affording easy access to the prisoners confined in the sub jail, which is within the Cutcherry Premises. Besides the ground on which

which it is proposed to plant the
aloe hedge having been built upon
for a long time past, trees will not
thrive well there.

2. Moreover, a new wall is not
to be built throughout the whole length
as portions of the wall are in existence
and the amount (\$880) required for
the construction of the remainder
of the wall is not very large when
compared with the disadvantage arising
from its absence.

3. Under these circumstances, I
am strongly of opinion that the
Compound Wall should be completed
all round, as originally proposed, and
request, therefore, that you will be so
good as to cause the requisite provision
for the wall to be made in the Estimate.

I have &c

Sigs W. S. Whiteside

inform

of Colly's

With reference to your Memo
No. 1083 dated 3rd May 1881, I have the honor
to resubmit the Plan and Estimate
amounting to Rs 29800 for the Construction
of Taluk Cutcherry at Wallajahpet
and to inform you that they have now
been duly approved of and Countersigned
by the Collector of the North Arcot
District.

2 The Collector informs^{me} in his
letter

Letter No. 100 dated 28th May 1881.
(Copy enclosed) that the Construction
of the Compound Wall of the Cutcherry
is absolutely necessary and should
be built round the Cutcherry as
originally proposed. I agree with
his opinion as the building is situated
in the Centre of the Town.

3. A further sum of Rs 880 has
now therefore been added to the Estimated
amount of Rupees 28920 for the Erection
of the Wall as recommended
in my letter No. 171 dated 18th April 81.

I have the honor to be,

Sir,

Your Most Obedt. Servant.

Major R.E.
Sappington Esq. 2nd Col. C.E.
