

PROCEEDINGS OF THE BOARD OF REVENUE, dated 31st May 1881.

No. 943.

Read—the following Board's General Received Register No. 3,659—Letter from C. J. CROSTHWAITE, Esq., President of the Local Fund Boards, Kistna District, to the Acting Secretary to the Board of Revenue, dated Masulipatam, 3rd May 1881, No. 192 :—

I HAVE the honor to submit, herewith, for the sanction of Government, a revised estimate for the construction of a road from Perikeed to Núzvid. The original estimate sanctioned in G.O., Revenue Department, 5th February 1868, No. 326, amounted to Rs. 68,900 and the revised estimate for which sanction is solicited amounts to Rs. 72,837. The original estimate provides for the road up to the fifteenth mile-stone, which is opposite to the Travellers' Bungalow at Perikeed, and the additional cost of Rs. 3,937 is for the continuation of the same road up to the Perikeed Bridge, a distance of more than one mile. The space between the fifteenth mile-stone and the bridge being very inaccessible during wet weather the revised estimate has been framed.

2. The work appears as Item No. 11 in the current year's Budget with an allotment of Rs. 4,182.

3. The Resolution of the Local Fund Board, Masulipatam Circle, who have passed this estimate, and a copy of the Local Fund Engineer's letter explaining the necessity for the revised estimate are enclosed.

ENCLOSURE No. 1 to Board's General Received Register No. 3,659.

From F. BRICKWELL, Esq., Local Fund Engineer, Masulipatam Circle, to the President of the Local Fund Boards, Kistna District, dated Mudinepally, 3rd April 1881, No. 21.

With reference to your endorsement, No. 889, of the 17th March 1881, on Proceedings of the Local Fund Board, Masulipatam Circle, at a meeting held on Saturday, the 12th March 1881, I have the honor to submit a revised estimate, amounting to Rs. 72,837, for constructing a road from Perikeed to Núzvid.

2. The original estimate amounted to Rs. 68,900 and was executed to a certain extent by the Public Works Department, who have not yet handed over to me the whole of the plans, and I am consequently unable to state to what precise extent the work has been carried out.

3. The original estimate provided for a road up to the fifteenth mile-stone, which is exactly opposite the Travellers' Bungalow.

4. The additional sum herein provided represents the cost of continuing the road up to the bridge over the canal, a distance of over one mile.

5. The canal forms an unmistakable terminus to the road, in addition to which most of the traffic goes to the canal for the purpose of taking boat.

6. The space between the fifteenth mile-stone and the bridge is very inaccessible in wet weather, as it exists at present, owing to the accumulation of water caused by the canal bank, and the present estimate provides for making a sound road through it.

7. I have the honor to solicit early sanction, in order that the work may be completed before the next rains.

ENCLOSURE No. 2 to Board's General Received Register No. 3,659.—Estimate.

ENCLOSURE No. 3 to Board's General Received Register No. 3,659.—Extract from Proceedings of Local Fund Board.

Resolution—

THE revised estimate, amounting to Rs. 72,837, for the construction of a road from Núzvid to Perikeed, is submitted for the sanction of Government.

2. The estimate is Rs. 3,937 in excess of the original one,* and the cause

*For Rs. 68,900 sanctioned in G.O., Revenue of the excess is explained in the Local Department, dated 5th February 1868, Fund Engineer's letter accompanying the No. 326. estimate.

3. The work appears as Item No. 11 in Part I of the current year's Budget of the Masulipatam Circle with an allotment of Rs. 4,182.

4. The attention of the President is drawn to No. 30 of the revised Local Fund Rules, which requires that totals of estimates must always be in round numbers.
