General.
Account.

Read the following paper :—

No. 85. From Major-General A. FRASER, R.E., Secretary to the Government of India, Public Works Department, (Account—Military and Civil,) to the Secretary to the Government of Madras, Public Works Department, dated Simla, 13th June 1881, No. 47A.M. and C.

I AM directed to acknowledge receipt of your No. 872 W., dated 30th March 1881, and in reply to say that the Government of India has been pleased to approve of the reappropriation of Rs. 16,144 in the Imperial Military Works grant for 1880-81 from the provision for new double-storied barracks at Poonamallee to that for outlay on the old European Barracks at that station.

2. The proposed transfer of Rs. 200 from the grant for works to that for repairs under Miscellaneous Public Improvements in order to meet outlay during 1880-81 on repairs to the Pulicat lighthouse buildings, is, I am to say, quite unnecessary. It would be at variance with the meaning and spirit of budget arrangements which are not intended to deal with petty amounts. Slight excesses over grants are never objected to and grants should not be increased or decreased except by some tangible amount. The funds necessary for an appropriation should, in such a case as the one under reference, be obtained by reduction of some other appropriation within the grant which can reasonably bear it.

3. The surrender of Rs. 15,300 from the Imperial Military Works and of Rs. 10,200 from the Imperial Other Services grants for 1880-81 was made at too late a date to allow of the sums being accepted and taken into account in the general financial estimate of expenditure during the past year. They must therefore be considered as part of the Madras Imperial other Public Works grant for 1880-81.

Sir,

I am directed to acknowledge receipt of your No 872 to dated 30th March 1881 and, in reply, to say that the Government of India has been pleased to approve of the re-appropriation of Rs 16,144 in the Imperial Military works grant for 1880/81 from the provision for new double storied Barracks at Poonamallee to that for outlay on the old European barracks at that Station.

2 The proposed transfer of Rs 200 from the grant for works to that for Repairs under Miscellaneous Public improvements in order to meet outlay during 1880/81 on repairs

to the Pulicat light house buildings, I am to say quite unnecessary. It would be at variance with the meaning and spirit of budget arrangements which are not intended to deal with petty amounts. Slight excesses over grants are never objected to and grants should not be increased or decreased except by some tangible amount. The funds necessary for an appropriation should, in such a case as the one under reference, be obtained by reduction of some other appropriation within the grant which can reasonably bear it.

3. The surrender of Rs 15,300 from the Imperial Military works and of Rs 10,200 from the Imperial other services grants for 1880/81 was made at too late a date to allow of the sums being accepted and taken into account in the general financial estimate of expenditure during the past year. They must therefore be considered as part of the Madras Imperial other, Public works grant for 1880/81.

I have the honor to be,
Sir,
