CURRENT No. 15-80

From

Lt. Col. H. L. Prendergast R.E.

Superintending Engineer 1st Circle

To,

The Chief Engineer

Public Works Dept.

Madras

Sir,

With reference to G.O. No. 2966 W dated 30th December 1880 I have the honour to report, that the Collector considers that it is undesirable to erect a separate building for the Office of the Registrar of Nellore, now; as he is about to recommend the construction of a new and improved Collectors Office, to provide accommodation for the Registrar.

2. The Collector's proposition has not yet been made to the Board of Revenue and on the Executive Engineer asking for instructions I have stated that Estimate should be sent in, as the Gov consider the new Office to be emergen required in G.O. ~~Financial~~ Mil. Dept. No. 2932 the 20th December 1880.

~~MADRAS~~,

CURRENT No. 1611

TO
THE CHIEF SECRETARY TO ~~GOVERNMENT~~,
~~FORT ST. GEORGE~~.
Ootacamund

SIR,

+ Returned -

Adverting to endorsement No. 915 + May 24th, 1881, on a letter from the Supdg Engineer 1st Circle, I have the honor to state that the Registrar of Vellore has reported that Mr. Grose, the Collector, had kindly provided his office with accommodation in the Huzur Kutcherri until a new office could be built, but says nothing about the construction of a new and improved Collectors' office, or to provision being made in it for him.

2. It is, in my opinion, very desirable that the Registrar should have his office close to that of the chief controlling authority of the District, and if there be any intention

intention to build a new office for the Collector of Nellore, there is no objection to the Registrar being accommodated in it.

I have the honor to be,
Sir,
Your most obed^t. Servant

From

J. Grose Esq.
Collector of Nellore

To

E. Gibson Esq.
Ag. Secy. Board of Revenue
Madras.

Sir,

With reference to Boards Proceedings dated 29th August 1877 Miscellaneous No. 11903 I have the honor to report after communicating with Mr. O'Shaughnessy when District Engineer and considering the subject from every point of view I consider that plan B is the most suitable plan for adoption (in improving the Collector's office) but would modify it as shown in plan B I. In part explanation of my delay I may mention that plan B could not be found for many months, and that even now it is so altered on the face of it that it is difficult if not impossible

possible to ascertain how it stood when it was before the Board.

2. The alterations I propose seem to me necessary to provide a larger room and a bathroom for the Deputy Collector and a room for the Local Fund Board.

3. The room originally proposed for the Deputy Collector was 14 by 20.6. By having the Registrar to find accommodation else-where and not building the wall between the Deputy Collector's room & the Registrar's larger room the Deputy Collector will have a room 14 × 34 and the Registrar's smaller room might be as bath room. I believe a seperate building has lately been sanctioned for the Registrar. It might be placed somewhere in the compound of the Collector's office which is so full of buildings some of which are ruined or in a dangerous state and must be removed.

4. Similarly the room which it was originally proposed to assign to the Salt Deputy Collector might be assigned to the Local Fund Board. The Asst Commissioner's office is well located at present about a quarter of a mile from the Collector's office, and if it is thought that it should be nearer a seperate building ought to be run up in the compound.

6. A ryots' shed will have to be built on one side of the office and new stabling and a new latrine will have to be provided. Moreover there is a roomy & massive old building in the compound, called the Sheristadar's cutchery which seems to me to be in a ruined condition & should be removed at once, or repaired & altered so as to suit the Registrar if the Engineers pronounce that to be possible.

6. I submit plans A & B (as they stand at present — B seems to have been greatly altered from time to time) and B1 which shows the alterations I think should be made in B.

B.
