PUBLIC DEPARTMENT.

15th June 1881, No. 814.

Medical Certificates.

Read the following paper :—

From Surgeon-Major S. M. TYRRELL, Zillah Surgeon, Rajahmundry, to the Secretary to the Surgeon-General with the Government of Madras, dated Rajahmundry, 13th May 1881, No. 124.

I have the honor to bring the following facts of a case to the notice of the Surgeon-General.

2. At the request of the Executive Engineer, Western Delta, Godávári District, a Mahomedan who said his name was Meerasaib, the name mentioned in the letter, was examined and found to be fit for employment in the Public Works Department.

3. In the certificate sent to the Executive Engineer it was mentioned that the candidate bore imperfect marks of vaccination, who was then ordered to get himself revaccinated, for which purpose he presented himself at the dispensary, where the operation was successfully performed.

4. As I was about giving him a certificate to that effect, a Public Works Department Overseer, serving under the same Executive Engineer, informed me that the man who obtained the first and was about to get the second certificate was not the candidate ordered to appear before me, but his brother.

5. The Executive Engineer, in reply to my letter asking whether the Overseer's statement was correct, has just informed me that the man has been dismissed for committing this fraud.

6. My object in bringing this case to notice is to suggest that examinees should, with the usual letters now required, produce their descriptive rolls at the same time.

7. Descriptive rolls should also be sent with letters requesting Zillah Surgeons to examine men in the public service pronounced by their superiors to be unfit for further service.

8. If this suggestion be adopted, it is not likely that attempts of the kind now brought to notice will be made.

No. 202 [Current No. 1071].

Forwarded to the Chief Secretary for the consideration and orders of Government.
