2. In the Regular Estimate of Receipts for 1880-81 there is a falling off under two items, viz., Tolls and School-fees. The amount entered under the former represents the actuals of the year, while the decrease in the latter is attributed to the closing of some of the schools for want of qualified teachers. The sum of Rs. 2,200 shown under "Receipts from Endowments" includes Rs. 1,000, the expected collections from "Weekly Fairs," which form a new source of revenue.

3. The Regular Estimate of Charges shows a large saving as compared with the sanctioned estimate under Grants I and II. The reduction in the Public Works Expenditure should be fully explained in the annual report. Under Grant III provision is made for the last three months of the year for the newly-sanctioned dispensary at Arni; and it is observed that the whole of the collections, Rs. 1,000, from markets is to be devoted to their improvement. The Board propose to reserve the closing balance under Road Fund for famine adjustments, without bringing it to credit in the budget of the current year. This is objectionable; and the amount will be brought forward, a corresponding allotment being made on the expenditure side for the purpose contemplated. The Budget for 1881-82, as revised by the Board of Revenue, shows no closing balance under the Road Fund; and the Road Fund Reserve stands at less than 10 per cent.: in these circumstances the provision to meet famine adjustments during the current year will be restricted to Rs. 60,000, or two-thirds of the amount proposed The above abstract contains the necessary entries, the Road Fund Reserve being raised to the full 10 per cent. according to rules. The President should have furnished the usual Demand, Collection, and Balance Statement for Land Cess in the Regular Estimate.

4. In the estimated receipts for 1881-82 the Land Cess revenue is taken at Rs. 1,500 less than the anticipated collections of last year. The estimate is fair, as it allows of only Rs. 2,470 remaining unrealized out of an aggregate demand of Rs. 93,970. The increase over the Regular Estimate under School-fees is not explained. The Government agree with the Board as to the exhibition in the accounts of the items "Market Rents" and "Weekly Fairs."

5. The Board's revision of the Public Works allotments is approved. No opinion is expressed by them regarding the entertainment of the temporary establishment for the preparation of the lost estimates referred to in paragraph 12 of their Proceedings; but its consideration may be deferred till the Local Fund Board find themselves in a position to undertake the works. The provision for education is fully discussed by the Board of Revenue. The establishment of a dispensary at Pólúr is sanctioned. The market establishment proposed is limited, as it is intended to lease out all the markets except the one at Arcot. The Government sanction the increase recommended to the pay of the present Circle Board's Clerk from Rs. 30 to 35, as also the entertainment of an Assistant Clerk on Rs. 15 as proposed.

6. With these remarks the Right Honorable the Governor in Council passes the Local Fund Budget of the Vellore Circle for 1881-82.

(True Extract.)

(Signed) R. DAVIDSON,
Chief Secretary.

Resolution—

THE Local Fund Budget of the Vellore Circle for 1881-82 is herewith circulated to all officers concerned.

2. *Paragraph* 3 *of the Government Order.*—In this paragraph Government remark that it is objectionable to reserve the closing Road Fund balance of the Regular Estimate for famine adjustments without bringing it to credit in the budget of the current year. Local Fund Budgets are due in the Board's Office in the first week of October of each year, and they should all be reviewed by the Board and passed by Government so that the general budget may be ready in the second week of December following for incorporation in the Provincial Budget to be despatched to the Government of India. If all the budgets are disposed of within the time fixed, or at any time before the commencement of the official year, it will be inconvenient to exhibit in the budget the amount reserved for adjustment, as it is likely that such adjustments may be made before the commencement of the year to which the budget relates.

Vide No. 12 of Local Fund Rules.

Vide No. 14 of Local Fund Rules.

3. In paragraph 4 of their Order, dated 28th April 1881, No. 750, the Government themselves have, for the first time, suggested that the balances reserved for adjustment should be shown in the Regular Estimate as an item of charge instead of leaving it altogether out of the accounts. The Board think that this mode of exhibiting the amount reserved is feasible, with the understanding that so much should be considered as not being available for expenditure out of the actual balance of the year. In the present case the budget not having been passed till now, and the adjustment not having been made as yet, the sum ordered to be reserved is exhibited on the expenditure side of the budget.

4. The full Road Fund Reserve has been provided in the budget.

2. In the Regular Estimate of Receipts for 1880-81 there is a falling off under two items, viz., Tolls and School-fees. The amount entered under the former represents the actuals of the year, while the decrease in the latter is attributed to the closing of some of the schools for want of qualified teachers. The sum of Rs. 2,200 shown under "Receipts from Endowments" includes Rs. 1,000, the expected collections from "Weekly Fairs," which form a new source of revenue.

3. The Regular Estimate of Charges shows a large saving as compared with the sanctioned estimate under Grants I and II. The reduction in the Public Works Expenditure should be fully explained in the annual report. Under Grant III provision is made for the last three months of the year for the newly-sanctioned dispensary at Arni; and it is observed that the whole of the collections, Rs. 1,000, from markets is to be devoted to their improvement. The Board propose to reserve the closing balance under Road Fund for famine adjustments, without bringing it to credit in the budget of the current year. This is objectionable; and the amount will be brought forward, a corresponding allotment being made on the expenditure side for the purpose contemplated. The Budget for 1881-82, as revised by the Board of Revenue, shows no closing balance under the Road Fund; and the Road Fund Reserve stands at less than 10 per cent.: in these circumstances the provision to meet famine adjustments during the current year will be restricted to Rs. 60,000, or two-thirds of the amount proposed The above abstract contains the necessary entries, the Road Fund Reserve being raised to the full 10 per cent. according to rules. The President should have furnished the usual Demand, Collection, and Balance Statement for Land Cess in the Regular Estimate.

4. In the estimated receipts for 1881-82 the Land Cess revenue is taken at Rs. 1,500 less than the anticipated collections of last year. The estimate is fair, as it allows of only Rs. 2,470 remaining unrealized out of an aggregate demand of Rs. 93,970. The increase over the Regular Estimate under School-fees is not explained. The Government agree with the Board as to the exhibition in the accounts of the items "Market Rents" and "Weekly Fairs."

5. The Board's revision of the Public Works allotments is approved. No opinion is expressed by them regarding the entertainment of the temporary establishment for the preparation of the lost estimates referred to in paragraph 12 of their Proceedings; but its consideration may be deferred till the Local Fund Board find themselves in a position to undertake the works. The provision for education is fully discussed by the Board of Revenue. The establishment of a dispensary at Pólúr is sanctioned. The market establishment proposed is limited, as it is intended to lease out all the markets except the one at Arcot. The Government sanction the increase recommended to the pay of the present Circle Board's Clerk from Rs. 30 to 35, as also the entertainment of an Assistant Clerk on Rs. 15 as proposed.

6. With these remarks the Right Honorable the Governor in Council passes the Local Fund Budget of the Vellore Circle for 1881-82.

(True Extract.)

(Signed) R. DAVIDSON,
Chief Secretary.

Resolution—

THE Local Fund Budget of the Vellore Circle for 1881-82 is herewith circulated to all officers concerned.

2. *Paragraph 3 of the Government Order.*—In this paragraph Government remark that it is objectionable to reserve the closing Road Fund balance of the Regular Estimate for famine adjustments without bringing it to credit in the budget of the current year. Local Fund Budgets are due

Vide No. 12 of Local Fund Rules. in the Board's Office in the first week of October of each year, and they should all be reviewed by the Board and passed by

Vide No. 14 of Local Fund Rules. Government so that the general budget may be ready in the second week of December following for incorporation in the Provincial Budget to be despatched to the Government of India. If all the budgets are disposed of within the time fixed, or at any time before the commencement of the official year, it will be inconvenient to exhibit in the budget the amount reserved for adjustment, as it is likely that such adjustments may be made before the commencement of the year to which the budget relates.

3. In paragraph 4 of their Order, dated 28th April 1881, No. 750, the Government themselves have, for the first time, suggested that the balances reserved for adjustment should be shown in the Regular Estimate as an item of charge instead of leaving it altogether out of the accounts. The Board think that this mode of exhibiting the amount reserved is feasible, with the understanding that so much should be considered as not being available for expenditure out of the actual balance of the year. In the present case the budget not having been passed till now, and the adjustment not having been made as yet, the sum ordered to be reserved is exhibited on the expenditure side of the budget.

4. The full Road Fund Reserve has been provided in the budget.
