1st July 1881.
Depts 4/10/1

From

The Acting Superintendent of works,
Kistna.

To

The Chief Engineer,
Public Works Department.

Sir,

I have the honor to request that you will be good enough to obtain the sanction of Government for the value; viz Rupees 221-4-0, of the Famine tools as per margin being written off the Tools return of the Western Division for the following reasons.

- + Crowbars — 35
- Mamooties — 48
- * Crowbars — 37
- Mamooties — 126
- Hammers stone breaking } — 10
- + Crowbars — 7
- Mamooties — 16.

I The tools marked thus + were lent to the Kurnam of a village, when Famine works were in execution in 1878, for distribution to the work people. The Kurnam died subsequently, and there is now no means of recovering their value.

II Those marked thus * were sent to a Delta Superintendent by the name of Ramadoss Naidee for use on works, who however alleging having returned them into the Stores and produces copies of some correspondence between himself and Mr. Norris the Executive Engineer who was in charge of the Division when Famine works were under execution.

III Lastly, those marked thus o were sent to a temporary mistry of the name of A. Trivinasarow

who also alleges that he returned the tools to the stores and is not responsible for them.

2 In both the latter cases no receipts appear to have been given for the tools said to have been returned into store, and looking to the time that has elapsed since these transactions took place, and to the fact that most of the Officers and Subordinates, in charge of Famine works, who might have been held responsible, having died, or left the District, I request under these circumstances that the sanction applied for may be granted.

I have the honor to be,

Sir,

Your most Obedient servant.

S. D. W. Jones.
