PUBLIC DEPARTMENT.

30th June 1881, No. 880.

Government Press.

Read the following paper:—

From E. KEYS, Esq., Superintendent of the Government Press, to the Officiating Chief Secretary to Government, dated Fort St. George, 13th June 1881, No. 969 [Current No. 1227].

I have the honor to submit, for the information of Government, the Annual Report on the working of the Government Press, including the Branch Establishment at the Penitentiary, for the official year 1880-81.

2. *Value of Work and Expenditure.*—The total value of the work turned out during the official year 1880-81, as given in abstract in Statement A, and in detail in Statements C, D, and E, was less by Rs. 16,424-4-6 than in the preceding year. The expenditure was also less under almost every item of charge:—

	1880-81.			1879-80.		
	RS.	A.	P.	RS.	A.	P.

Profit to Government	28,929	5	5	19,304	6	5

3. *Printing.*—The value of the work done in the Composing and Press and Machine Departments was less than in the preceding year. The cost was less by about Rs. 17,000:—

	1880-81.			1879-80.

4. There was a decrease in the number of pages printed, but a large increase (nearly ten millions) in the number of impressions struck off. This arose mainly from the Census, the whole of the forms for which were printed at the Government Press, without any assistance whatever from private Presses, and with a consequent material saving to Government. For upwards of three months there was a very heavy strain upon the Machine Department of the establishment. The following statement shows the outturn of pages and impressions:—

	Original Matter.	Remade-up Matter.	Total.
Pages equal to foolscap in 1880-81 ..	125,934	33,688	159,622
“ “ in 1879-80 ..	148,016	44,926	192,942
		Decrease ..	33,320

	Original Matter.	Remade-up Matter.	Total.
Number of Impressions struck off in 1880-81	..	..	44,538,430
" " " in 1879-80	..	..	34,766,020
Increase ..			9,772,410

The cost per page, including the striking off of the exceptionally large number of copies just specified, was Rs. 1-2-10, against Rs. 1-1-8 last year. The cost is now also necessarily higher from the fact that the page contains a greater number of lines than originally, the matter being solid, not leaded, as was formerly the case.

5. The following comparative table shows the increase and decrease in the number of pages of original matter and the impressions struck off, together with the total cost incurred in each department:—

8. Letter-casting and Stereotyping.—In the work of this Department there has been a slight increase, with commensurate profit, and a trifling decrease in the cost of the establishment. During the year a set of Pica Tamil punches has been almost completed. By this means the Press will be able, in future, to cast its own Tamil type of the particular size mentioned:—

9. PENITENTIARY BRANCH.—The Presses of the Director of Public Instruction and of the Commissioner for the Uncovenanted Civil Service Examinations having been abolished, and their work transferred to the Government Press, the plant, consisting of a hand-press, a small machine, a small quantity of vernacular and other type, was added to this Branch, and is being utilized. The amount of work turned out at the Penitentiary Press during 1880-81 was very considerable, the number of copies printed having exceeded by 2,303,238 those of the preceding year. There was also an increase of 564 in the number of pages composed.

10. There was an average daily attendance of 106 adult and 22 juvenile prisoners, the former being employed, as usual, on the treadmill, and in working the machines and presses; the latter in folding, &c. The value of the Printing and Binding work executed is as under:—
