Buildings and Roads.
Civil Works.

Read the following papers :—

- No. 22. From the District Engineer, North Arcot, dated 23rd June 1877,
No. 935.
- No. 22-A. From Lieutenant-Colonel H. L. PRENDERGAST, R.E., Officiating
Superintending Engineer, North Arcot, to the Chief Engineer, Public
Works Department, dated Palmanair, 8th May 1878, No. 634.

With reference to your memorandum, No. 1,988, dated the 18th July 1877, I
have the honor to submit for sanction a
fresh plan and estimate of Rupees 1,140
for the construction of a dwelling house
for the Sub-Magistrate at Vencatagherry-
cottah.

- One sketch.
- „ plan.
- „ detailed estimate.
- „ abstract do.
- „ specification report.
- „ letter.

2. The former plan was to have
been amended and the building to have
a couple roof instead of the old fashioned Malabar truss.

The subject was, however, discussed at a Local Fund Board's meeting at Chittoor,
and the Collector wrote to me on the 9th December 1877 a letter (No. 661), of which
a copy is forwarded recommending that a flat-roofed house should be built (in the
Native style as to ground plan) on account of the exposed position of Vencatagherry-
cottah.

3. I had sent the amended plan for the Collector's approval with an estimate of
Rupees 1,167. The present plan is within that amount and arranged to give accom-
modation in the shape that a Native Sub-Magistrate would give to a house if he built
it himself, and with a solid roof to afford the best protection against the weather in a
bleak and feverish situation.

No. 23. ORDER THEREON, 3rd June 1878, No. 2,378 W.

THE estimate amounting to Rupees 1,140 for constructing a dwelling house for
the Sub-Magistrate at Vencatagherrycottah in the North Arcot District is sanctioned.
The question of an appropriation of funds will be considered later in the year.

2. This sanction has been registered as Provincial No. 36 B of 1878-79.

No. 151. ORDER THEREON, 30th July 1880, No. 1,819 W.

THE papers read above give cover to statements of requirements of Superintending Engineers and Superintendents of Works on account of incomplete works of 1879-80, and of new works sanctioned but not yet commenced, and which are recommended for execution in 1880-81.

2. The demand under "Salt" is also much in excess of the amount available under this head of service. The whole of the Reserve has been appropriated and a large sum has still to be provided.

3. The sum of Rs. 30,000 has been appropriated for the purchase of the Masulipatam Nabob's house, and for converting it into a Court-house.

4. The Financial, Educational, Marine, and Revenue Departments will authorise the Accountant-General to place to the credit of the Public Works Department the amounts required from the following sources:—

Convict Labor Fund	...	...	...	...	...	...	...	RS.
Educational do.	...	...	...	...	...	...	...	5,561
Port Fund	...	...	...	...	...	...	...	6,616
								7,613

5. For want of funds it has not been possible to provide for several uncommenced works, although many of them are known to be urgently required.

6. Column 10 of the annexed statement shows the amount that has been appropriated in 1880-81.

7. It should be distinctly understood that no works other than those for which appropriations are now made should be proceeded with in the absence of the special orders of Government.

JULY.

Nos. 123-151.

Statement of requirements of Superintending Engineers and Superintendents of Works on account of Incomplete Works of 1879-80, and of new works sanctioned but not yet completed.—Passing orders on the —.

[24th June 1881, No. 1,156.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 24th June 1881.

No. 1,156.

Brd—the following Brd.'s Gen. Reg. No. 4,398 of 1881—Letter from W. S. WHITE-SIDE, Esq., Collector of North Arcot, to the Secretary to the Board of Revenue, dated Palmanér, 31st May 1881, No. 199 :—

In continuation of my letter, No. 192, dated 17th May 1880, I have the honor to report that the construction of the Deputy Tahsildar and Sub-Magistrate's quarters at Venkatagirikota was completed before the close of the past official year.

2. In the course of its construction, the Tahsildar of the Palmanér Taluk with my consent caused the upper portion of the walls to be built with brick in chunam to prevent the roof being attacked by white-ants, and, for the sake of convenience and improved ventilation, two extra door-ways and three additional windows were opened in the walls at convenient points, providing them with doors and shutters respectively. There is no provision in the original estimate of Rs. 1,140 for these two items of work, but they were nevertheless carried out at a cost of Rs. 150 as I considered them to be very desirable and in fact necessary improvements to the building.

3. There is as yet no wall or hedge enclosing the back-yard of the building. It is absolutely necessary that a wall should be raised to secure privacy for the female members of the Sub-Magistrate's family and to prevent intrusion of outsiders. The cost of building such a wall has been estimated at Rs. 165. This amount with that already spent in putting up extra doors and windows exceeds the original estimate by Rs. 315. I have the honor to request that the Board of Revenue will be pleased to move Government to sanction a further grant of Rs. 315 to meet the cost of the additional works executed and still remaining to be done in connection with the Deputy Tahsildar and Sub-Magistrate's house at Venkatagirikota.

Resolution—

G.O., dated 20th April 1880, No. 1,397.
Board's Proceedings, 3rd June 1880, Miscellaneous No. 5,860.

SUBMITTED to Government with reference to the papers marginally noted with the request that the further allotment applied for may be sanctioned.
