	6,180	10,870	
Total	1,55,600	1,40,220	1,29,830

2. The large discrepancy in the opening balance for 1880-81 between the President's regular estimate and the Accountant-General's statements which the Board of Revenue are unable to explain, although a year has elapsed since the close of the period to which the account relates, evidences unsatisfactory account control. The Board of Revenue will explain why the circle accounts for 1879-80 had not been adjusted before the receipt of the budget for 1881-82. Similar delays in the closing of annual accounts of circles should in future be avoided under the audit system recently introduced. The Accountant-General has not attended to the instructions of Government in paragraph 2 of G.O., 10th February 1880, No. 288, Financial Department. The Board of Revenue propose to reserve the Road Fund balance of Rs. 8,225 for famine adjustments. The Government sanction this balance being held available if required for the purpose recommended; but the amount should be brought forward in the regular estimate for 1880-81 as shown in the abstract at the head of these Proceedings. The Land Cess appears to be under-estimated as only Rs. 55,016 are expected out of a demand of Rs. 90,000 during the last seven months of the year. The usual particulars of demand, collection, and balance have not been furnished in the regular estimate—an omission which the Board of Revenue have not noticed. The Government are not satisfied that the full amount, Rs. 94,000, could not have been realised, had collections been made promptly. The season does not appear to have been so unfavorable in this district as represented.

3. In the estimates for 1881-82 Land Cess is expected to produce Rs. 94,000, as in the previous year's budget. It is not clear how the amount is arrived at. The Vice-President in his explanatory memorandum, paragraph 30, refers to Rs. 80,000 as the demand, *current* and *arrears*, for 1881-82, while the Board of Revenue evidently regard that amount as the current demand alone. This confusion would have been avoided had the usual demand, collection, and balance statement been submitted. The estimate will however be accepted.

4. The Board's revision of the provision for New Works is approved. In the circumstances represented the Government sanction the raising of the Engineer's pay from Rs. 400 to Rs. 450, and also the increase of Rs. 240 in the allowances to Overseers. The proposal to entertain an additional Inspecting Schoolmaster on Rs. 25 as a temporary measure is sanctioned. The Government await the proposals of the Local Fund Board regarding the establishment of a Normal School as urged by the Director of Public Instruction.

5. With the above remarks the Local Fund Budget of the Dindigul Circle is passed.

(True Extract.)

(Signed)

R. DAVIDSON,
Chief Secretary.

Resolution—

Resolution—
THE Local Fund Budget of the Dindigul Circle for 1881-82 is herewith circulated to all officers concerned.

2. *Paragraph 2 of the Government Order.*—The Board were unable to explain the large discrepancy in the opening balance of the Regular Estimate as they were not in possession of the Accountant-General's detailed statements of the actual Local Fund receipts and charges for 1879-80. The statement of charges were not received in this office till the 22nd March 1881, and the budget review was drafted prior to the receipt of the statement, and hence the Board assumed that "in the absence of details" the difference between the President's and the Accountant-General's figure must have been due to the further adjustments made against the Road Fund. On looking into the details furnished, the difference is due chiefly to further adjustments made under the "Repairs, Communications," by the Accountant-General at the instance of the Examiner of Public Works Accounts, which appear not to have been communicated to the President at the time the budget was prepared by that officer.

3. The attention of the President is drawn to the remarks of Government regarding the unsatisfactory state of collections from Land Cess. He will also in future add a note to the Regular Estimate and to Statement I-A of the Budget showing the Demand, Collection and Balance of Land Cess.

4. *Paragraph 4 of the Government Order.*—The President will submit the views of the Circle Board regarding the establishment of a Normal School in the Circle.
