ROADS AND BUILDINGS.

No. 308

CONSULTING ARCHITECT'S OFFICE,

Chapultepec, 16th July 1871

From

THE CONSULTING ARCHITECT TO GOVERNMENT,

To

THE CHIEF ENGINEER, PUBLIC WORKS DEPARTMENT,
BUILDINGS AND ROADS BRANCH.

SIR,

With reference to Government Order No. 1690 W dated 8th instant I have the honor to report that the entries for last official year relating to the finished half of the Medical School are being made on one line for March in the Register of Works after which the expenditures will be entered month by month and accounts furnished as required by the new code

2 It is impracticable to follow out last years entries month by month and quite unnecessary as there was only one contractor for nearly the whole and the final bill contains full information.

3 The other work the Lying in Hospital being about completed and abounding in complex detail it is not proposed to compile a Register of Works.

4 "Work Voucher" in the new form has

Enclosures.
