

Handwritten notes at the top of the page, including the phrase "to 98 his information".

I beg to return to the company of file of papers handed me by the Vice-Lord Council day

As current labour was to be paid in cash by the Department or individual using it provision must of course be made for the payment of the same. The roads, fences and waste lands in the parish of St. John's (both at the head and foot of the parish) are provided for in Part III. Prod. R. A. Budget

before naming
any specific sums
to be sent in '81-'82 to
obtain

1st A general idea as
to the amount of this
kind of work which
may be legitimately
be considered as coming
against the Budget of
this Dept., and the
actual grants which
should be provided
for

2nd The Examiner's opinion
as to the limit of the
assignments which can
be made under the
order of the Govt. of India

As regards the
1st head perhaps
the Private Secretary
could be good enough
when opportunity offers

to point out to an
Officer of this Department
who would be deputed
in the evening, the work
which would have to be
done annually at the
Second Government Re-
sidencies to allow of his
forming an estimate
upon which the orders
of Government could be
passed

With reference to
the Second point if
it is necessary to know the
prerogative limits to which
Sanctions can be awarded
in such purposes by the
Local Government under
the ruling of the Govt. of
India that no part
can be given by Government
Residencies exceeding
Rs. 15,000 in any year
without the sanction
of the Govt.
