Estimates

1 G. Abstracts

with Report

With reference to para 5 of my letter N. 374 dated 6th November last I have the honor to submit for sanction Plans and Estimates with report amounting in the aggregate to Rs 8340 for converting the late Sub divisional office at Pothur into a Salug Cutcherry, and constructing a sub jail and Latrine, the former connecting the cutcherry at rear and the latter to be constructed at south corner of the old or office latrine.

2 With regard to the proposed Salug cutcherry in question I have the honor to inform you that there are two buildings available, one the late P. W. Sub divisional office and the other old Barracks as shown in the site plan, neither of which are required by this Department, and that it is now proposed to convert the Sub divisional Office into a cutcherry. This proposal has been approved of by

by the collector who has countersigned the plans
and estimates. If the estimates are sanctioned
and funds allotted, the work may be expected
to be completed soon after the South West Monsoon.
If so this Rs 2000 should be allotted at once
for this official year and the balance in 1881/82.

Should the whole amount of the
estimate be allotted in 1881/82 the work will
probably be completed by the 30th November 1881.

I have the honor to be

Sir
