What is to be done about
the petitioner's pay for January
1880. His services appear to
have been transferred from
the P.W.D. to the Local Fund
Board from the 31st December
1879 but this order never
reached him until the
end of January 1880. The
Local Fund Board I should
suppose will not pay
his pay for the month of
January; it would appear
to be certainly due from
the P.W.D.

1 Endorsement

With reference to your endorsement
N^o. 1269 dated 21st May 1881, on the
enclosed letter from P. Mangapattinam
Naidoo, I have the honor to report
that in accordance with para 4 of
G.O. N^o. 2428W of the 25th September
1879, I directed the Executive Engineer
to transfer the Local Fund Establish-
ments together with the Roads to
Local Fund Boards by the 21st Dec-
ember 1879. The Sub Divisional
Officer Supervisor Raghavachary

appears however to have given a
written notice to the Clerk of his transfer
to the Local Fund Board on the
30th January 1880.

The Chief Engineer
S.P. Madras

Respected Sir

I have the honor to acknowledge the
kind letter of the 17th inst. from the
Sub Engineer, Kadiy
Most humbly and respectfully beg to
request that your precious honor will be
good enough to get the following
Circumstances in to your honor's kind
consideration and favourable orders.

I have not as yet received
any reply to my application regarding
the salary due to me for the month of
January 80, written on the 17th May 81.

I therefore earnestly crave your
generosity will be so lenient as to
condescend to the favour complying
in the above request and thus grant
my pay as stated above.

For which act of humanity and

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

25th September 1879, No. 2,428 W.

General.
Establishment.

No. 56. Proceedings of Government, dated 25th September 1879, No. 2,428 W.

In consequence of approaching reductions in establishments, the Department of Public Works will not in future have sufficient staff to carry out the execution of work on account of Local Fund Boards to the same extent as at present.

2. Superintending Engineers are therefore requested to consider, in communication with Presidents of Local Fund Boards, what portion of the roads and other Local Fund Works in each Circle should be handed over to "other Agency" than that of the Public Works Department for execution.

3. The general outline of the intended reductions in establishment, and alterations in the territorial limits of executive charges are known to Superintending Engineers, and it will rest with them to decide what is the *maximum* amount of work which the Public Works Department can in future perform on account of the Local Fund Board of each Circle; subject to this *maximum* limit the opinion of the Presidents should be accepted as to the actual amount to be so retained.

4. The measures agreed upon by Superintending Engineers and Presidents, Local Fund Boards, will be reported for the consideration of Government in the Public Works Department, but in the meantime they may be considered as provisionally decided on, and arrangements made for bringing them into full operation by the 1st January next, from which date it will rest with the Local Fund Boards to make their own arrangements for the supervision of works handed over by the Public Works Department.

5. It is the desire of the Government to get rid as soon as possible of the permanent "petty establishment," and in districts where any considerable portion of the roads is transferred to "other Agency" under this order, any portion of the petty establishment which was formerly part of the old "Local Fund Establishment," should be transferred at the same time.
