2. The opening balance of the Regular Estimate shows an increase of Rs. 12,030 over that provided in the budget for 1880-81, which is ascribed to short expenditure on Public Works and Education during 1879-80. The Pound Fund receipts show a falling off, the reason for which should have been stated. The sum of Rs. 50 shown as "Receipts from Endowments," from which source nothing was expected, appears to be made up chiefly of small donations to schools and hospitals. In the Remark column of the Regular Estimate it is stated that the interest on arrears of Land-cess was erroneously credited to Land Revenue instead of to Local Funds in the previous years. This error should now be rectified by recovery from Land Revenue of the sums erroneously credited to it and credit of the same in the Land-cess account. The amount involved should be stated. The Land-cess is expected to yield Rs. 7,000 less than the Budget Estimate owing to the anticipation that in the collection of arrears Rs. 25,000 will prove irrecoverable. The necessity for this large estimated remission should have been more fully explained. The Board of Revenue will see that relinquishments of circle revenues are not carried beyond what is absolutely necessary for their proper administration.

3. The Board's revision of the Regular Estimate of Charges is generally approved, but the necessity for increased provision for choultries should have been stated. The Board of Revenue propose to reserve the whole of the Road Fund closing balance, Rs. 13,040, of the Regular Estimate for adjustment of famine expenditure, and have accordingly omitted the amount from the budget for 1881-82. The Government accept the proposal, but consider that this system of reservation should close with the year 1881-82; the amount will, however, be carried forward in the accounts.

4. In the Budget Estimates for 1881-82 the Land-cess appears to be fairly estimated. The anticipated reduction in the school fees estimated is accounted for by the absence of trained teachers. The Director of Public Instruction has not remarked on this point.

5. Under Grant I, Public Works, provision is made for eleven new works, of which six are petty works costing 1,000 rupees and less; in the case of the first work alone an estimate appears to have been sanctioned. The rule that no work should be commenced without plans and estimates being first duly sanctioned should be kept in view. It is noted that the maintenance grants of three roads have been reduced. It is proposed to have six Sub-Overseers and six Lascars in place of the petty establishment now maintained. Their pay and batta, involving an increase of Rs. 564 per annum, are sanctioned. The provision for a Sub-Inspector of Schools

for the Cumbum and Márkápur Ranges is passed subject to the report promised by the Director of Public Instruction. The Government sanction the establishment of five minor dispensaries in the places marginally noted, for which provision is made in the budget. The increased allotments for Vaccination and Sanitation are noted. The working of the sanitary scheme described in paragraph 25 of the Board's Proceedings should be specially noticed in the next annual report of the circle. The Board's revision of the budget under the other heads is approved.

1. Nandikótkur.
2. Koilkuntla.
3. Pattikonda.
4. Sírvel.
5. Márkápur.

6. With these remarks the Right Honorable the Governor in Council passes the Local Fund Budget of the Kurnool Circle for 1881-82.

(True Extract.)

(Signed) R. DAVIDSON,
Chief Secretary.

Resolution—

THE Local Fund Budget of the Kurnool Circle for 1881-82 is herewith circulated to all officers concerned.

2. PARAGRAPHS 2 AND 3 OF THE GOVERNMENT ORDER.—In his letter, dated 9th June 1881, No. 41, the President has submitted explanations regarding the several points noticed by Government in these paragraphs. It will be dealt with in separate Proceedings.

3. As suggested by Government, the Road Fund balance of the Regular Estimate has been carried forward to the budget, and there reserved for adjustment of famine expenditure.

4. The total allotment for Public Works, &c., is Rs. 87,710, of which Rs. 55,840, as hereunder particularized, are in favor of the Public Works Department. The Accountant-General is requested to place the latter amount at the disposal of that Department: —

2. The opening balance of the Regular Estimate shows an increase of Rs. 12,030 over that provided in the budget for 1880-81, which is ascribed to short expenditure on Public Works and Education during 1879-80. The Pound Fund receipts show a falling off, the reason for which should have been stated. The sum of Rs. 50 shown as "Receipts from Endowments," from which source nothing was expected, appears to be made up chiefly of small donations to schools and hospitals. In the Remark column of the Regular Estimate it is stated that the interest on arrears of Land-cess was erroneously credited to Land Revenue instead of to Local Funds in the previous years. This error should now be rectified by recovery from Land Revenue of the sums erroneously credited to it and credit of the same in the Land-cess account. The amount involved should be stated. The Land-cess is expected to yield Rs. 7,000 less than the Budget Estimate owing to the anticipation that in the collection of arrears Rs. 25,000 will prove irrecoverable. The necessity for this large estimated remission should have been more fully explained. The Board of Revenue will see that relinquishments of circle revenues are not carried beyond what is absolutely necessary for their proper administration.

3. The Board's revision of the Regular Estimate of Charges is generally approved, but the necessity for inereased provision for choultries should have been stated. The Board of Revenue propose to reserve the whole of the Road Fund closing balance, Rs. 13,040, of the Regular Estimate for adjustment of famine expenditure, and have accordingly omitted the amount from the budget for 1881-82. The Government accept the proposal, but consider that this system of reservation should close with the year 1881-82; the amount will, however, be carried forward in the accounts.

4. In the Budget Estimates for 1881-82 the Land-cess appears to be fairly estimated. The anticipated reduction in the school fees estimated is accounted for by the absence of trained teachers. The Director of Public Instruction has not remarked on this point.

5. Under Grant I, Public Works, provision is made for eleven new works, of which six are petty works costing 1,000 rupees and less; in the case of the first work alone an estimate appears to have been sanctioned. The rule that no work should be commenced without plans and estimates being first duly sanctioned should be kept in view. It is noted that the maintenance grants of three roads have been reduced. It is proposed to have six Sub-Overseers and six Lascars in place of the petty establishment now maintained. Their pay and batta, involving an increase of Rs. 564 per annum, are sanctioned. The provision for a Sub-Inspector of Schools

for the Cumbum and Márkápur Ranges is passed subject to the report promised by the Director of Public Instruction. The Government sanction the establishment of five minor dispensaries in the places marginally noted, for which provision is made in the budget. The increased allotments for Vaccination and Sanitation are noted. The working of the sanitary scheme described in paragraph 25 of the Board's Proceedings should be specially noticed in the next annual report of the circle. The Board's revision of the budget under the other heads is approved.

1. Nandikótkur.
2. Koilkuntla.
3. Pattikonda.
4. Sírvel.
5. Márkápur.

6. With these remarks the Right Honorable the Governor in Council passes the Local Fund Budget of the Kurnool Circle for 1881-82.

(True Extract.)

(Signed) R. DAVIDSON,
Chief Secretary.

Resolution—

THE Local Fund Budget of the Kurnool Circle for 1881-82 is herewith circulated to all officers concerned.

2. PARAGRAPHS 2 AND 3 OF THE GOVERNMENT ORDER.—In his letter, dated 9th June 1881, No. 41, the President has submitted explanations regarding the several points noticed by Government in these paragraphs. It will be dealt with in separate Proceedings.

3. As suggested by Government, the Road Fund balance of the Regular Estimate has been carried forward to the budget, and there reserved for adjustment of famine expenditure.

4. The total allotment for Public Works, &c., is Rs. 87,710, of which Rs. 55,840, as hereunder particularized, are in favor of the Public Works Department. The Accountant-General is requested to place the latter amount at the disposal of that Department:—

2. The opening balance of the Regular Estimate shows an increase of Rs. 12,030 over that provided in the budget for 1880-81, which is ascribed to short expenditure on Public Works and Education during 1879-80. The Pound Fund receipts show a falling off, the reason for which should have been stated. The sum of Rs. 50 shown as "Receipts from Endowments," from which source nothing was expected, appears to be made up chiefly of small donations to schools and hospitals. In the Remark column of the Regular Estimate it is stated that the interest on arrears of Land-cess was erroneously credited to Land Revenue instead of to Local Funds in the previous years. This error should now be rectified by recovery from Land Revenue of the sums erroneously credited to it and credit of the same in the Land-cess account. The amount involved should be stated. The Land-cess is expected to yield Rs. 7,000 less than the Budget Estimate owing to the anticipation that in the collection of arrears Rs. 25,000 will prove irrecoverable. The necessity for this large estimated remission should have been more fully explained. The Board of Revenue will see that relinquishments of circle revenues are not carried beyond what is absolutely necessary for their proper administration.

3. The Board's revision of the Regular Estimate of Charges is generally approved, but the necessity for increased provision for choultries should have been stated. The Board of Revenue propose to reserve the whole of the Road Fund closing balance, Rs. 13,040, of the Regular Estimate for adjustment of famine expenditure, and have accordingly omitted the amount from the budget for 1881-82. The Government accept the proposal, but consider that this system of reservation should close with the year 1881-82; the amount will, however, be carried forward in the accounts.

4. In the Budget Estimates for 1881-82 the Land-cess appears to be fairly estimated. The anticipated reduction in the school fees estimated is accounted for by the absence of trained teachers. The Director of Public Instruction has not remarked on this point.

5. Under Grant I, Public Works, provision is made for eleven new works, of which six are petty works costing 1,000 rupees and less; in the case of the first work alone an estimate appears to have been sanctioned. The rule that no work should be commenced without plans and estimates being first duly sanctioned should be kept in view. It is noted that the maintenance grants of three roads have been reduced. It is proposed to have six Sub-Overseers and six Lascars in place of the petty establishment now maintained. Their pay and batta, involving an increase of Rs. 564 per annum, are sanctioned. The provision for a Sub-Inspector of Schools

for the Cumbum and Márkápur Ranges is passed subject to the report promised by the Director of Public Instruction. The Government sanction the establishment of five minor dispensaries in the places marginally noted, for which provision is made in the budget. The increased allotments for Vaccination and Sanitation are noted. The working of the sanitary scheme described in paragraph 25 of the Board's Proceedings should be specially noticed in the next annual report of the circle. The Board's revision of the budget under the other heads is approved.

1. Nandikótkur.
2. Koilkuntla.
3. Pattikonda.
4. Sírvel.
5. Márkápur.

6. With these remarks the Right Honorable the Governor in Council passes the Local Fund Budget of the Kurnool Circle for 1881-82.

Chief Secretary.

Resolution—

THE Local Fund Budget of the Kurnool Circle for 1881-82 is herewith circulated to all officers concerned.

2. PARAGRAPHS 2 AND 3 OF THE GOVERNMENT ORDER.—In his letter, dated 9th June 1881, No. 41, the President has submitted explanations regarding the several points noticed by Government in these paragraphs. It will be dealt with in separate Proceedings.

3. As suggested by Government, the Road Fund balance of the Regular Estimate has been carried forward to the budget, and there reserved for adjustment of famine expenditure.

4. The total allotment for Public Works, &c., is Rs. 87,710, of which Rs. 55,840, as hereunder particularized, are in favor of the Public Works Department. The Accountant-General is requested to place the latter amount at the disposal of that Department:—

——	New Works.	Repairs.	Total.	Tools and Plant.	Cost of the Public Works Department Supervision.	Total.
	RS.	RS.	RS.	RS.	RS.	RS.
Road Fund ...	3,000	36,590	39,590	1,000	9,900	50,490
General Fund ...	4,000	200	4,200	100	1,050	5,350
Total ...	7,000	36,790	43,790	1,100	10,950	55,840
