Read the following paper:—

No. 42. From Major H. R. MEAD, R.E., Superintending Engineer, Second Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 5th July 1881, No. 279.

WITH reference to last paragraph of the G.O., No. 501 W., dated 24th February

One Plan.
One Report, and
Two Abstract Estimates.

1881, I have the honor to submit a plan and abstract estimate, the latter amounting to Rs. 1,820, for cutting and opening a new mouth or bar for the Netrávati

river at Mangalore at a point of 460 feet south of the B.M. stone No. 4.

2. A report of the Executive Engineer is also herewith sent which will explain the whole matter on the subject.

3. The estimate has been approved and countersigned by the Master Attendant, I therefore request that it may be sanctioned as early as possible, as the Executive Engineer has been ordered to carry out the work in anticipation of sanction of Government. As I suppose the work must be classed as new work it is beyond power of sanction.

No. 43. ORDER THEREON, 21st July 1881, No. 1,796 W.

THE estimate, amounting to Rs. 1,820, for cutting and opening a new mouth or bar for the Netrávati river at Mangalore is sanctioned. It is understood that the sand-spit breached spontaneously early in the monsoon. The Superintending Engineer will report whether this will affect the estimate and to what extent. The expenditure already incurred should also be stated.

2. A sum of Rs. 2,000 was placed at the disposal of the Public Works Department on account of this work in G.O., Financial, No. 153, dated 19th March 1881. The actual amount required being Rs. 2,320* the Accountant-General will be instructed, in the Financial Department, to provide the further sum of Rs. 320 from Port Funds.

3. This sanction has been entered as Excluded Local No. 16 W. of 1881-82 in the Register of this office, and classified as Miscellaneous Public Improvement, Original Works.
