PROCEEDINGS of the MADRAS GOVERNMENT.

READ the following letter *letter*

from the Right Reverend the Lord Bishop of Madras, dated 11th August 1881, No 111.

I have the honor to request the sanction of your Excellency in Council for the consecration of so much of the New Cemetery at Wellington as is not required for the burial of Roman Catholics and others not belonging to the Church of England.

2. In a letter to the Chaplain of Wellington the Executive Engineer has stated his belief that "there will be no difficulty in having the work, if not finished, in such an advanced state as to be ready for consecration" at the time of my visit to Wellington near the beginning of September.

Order thereon 13 August 1881, No 129

Sanctioned.
