It appears that we have

several other cases, it was
afterwards found possible
to retain him, owing to the

The Superintendent Engineer.

1st Circle.

Sir,

I beg to bring to your notice that, owing to a doubt having arisen as to how the time from my handing over charge of Labali Taluk, Nellore District on the 29th February 1880 to the time of my arrival at Bellary on 19th March of that year is to be treated. I find I am debarred from availing myself of the privilege leave to which I should be entitled were it not for this break (viz.) 2 months and 6 days.

I applied for 2 months which I urgently wanted on account of my wife's health but have been only granted one month & 10 days which will expire on the 21st instant. I therefore beg that after considering the following statements you will kindly request Government to consider this disputed period as one of employment in this department.

1st. That from the 1st to 5th March, I was unable to leave Nellore, not having any decided orders as to what

13/8
There appears an

I was to do as to joining the Royal Artillery -

This time. I presume, must be counted as employed in the D.P.R. Then the 647 Envoite from Vellore to Madras, must also come under the same head, as the journey was made in the interests of this Department and the travelling expense could not be charged to the Army, even had I been subsequently placed at the disposal of the Military Department, which I was not. On the 8th I was informed by Major Pennycook that my services were not dispensed with and after a few days was ordered to Bellary Cantonment, and, a week's time having been allowed me in the Presidency to replenish my kit, which I had sold when leaving Vellore, I reported my arrival at Bellary on the morning of the 19th March.

For the first 3 or 4 days of my stay in Madras I was doing general duties in the North Section Presidency while waiting for orders as to my destination; so that there were really only 7 days in which I could be considered as not acting under, or awaiting orders, and those 7 days were occupied in preparation for duty, which was unavoidable

unavoidable in consequence of my having had to make away with my old kit -

2nd I beg to say that I don't see how I could be put out of employment in this Department unless placed at the disposal of the Military Department and I never was so placed -

3rd That according to Para 838 Chapter V of the P. R. Code no non-Commissioned officer or soldier is to be demanded to his Corps without the sanction of Government, and in my case no such sanction, as far as I am aware, was obtained -

I think that if these circumstances were represented to Government they would permit the time in question to be counted as employed in the Department, and sanction my leave being extended to the two months applied for.

I beg to say that should this sanction not be obtained before, I shall have to leave Madras in the 20th instant -

I beg to remain
