REVENUE DEPARTMENT.

6th January 1881, No. 34.

READ THE FOLLOWING PAPER:—

No. 66. From Colonel R. H. BEDDOME, Conservator of Forests, Madras, to the Secretary to Government, Revenue Department, dated Madras, 8th December 1880, No. 1,002.

WITH reference to G.O., dated the 23rd November last, No. 3,901, Revenue Department, I have the honor to inform you that a sum of Rs. 8,500 is provided in the current year's budget for the construction in part of the Forest Officer's building in Manantoddy, the balance of Rs. 3,800 being provided in the budget estimate for 1881-82.

2. The Chief Engineer is not able to state how much of the total amount sanctioned for the building is likely to be spent before the close of the year, of which only four months are still to run. No funds, however, can be provided for the work from other heads as the small savings likely to accrue under them are required to be utilized on more important operations which tend to the improvement of forest revenue.

No. 67. ORDER THEREON, 6th January 1881, No. 34.

Forests, No. 5.

COMMUNICATED to the Public Works Department with reference to the order quoted which was passed on G.O., 5th November 1880, No. 2,544-W.

No. 46. G.O., No. 415, dated 26th February 1880.

ABSTRACT.—Directing that the plans and estimates for the proposed branch Railway line between Māvaram and Tranquebar be prepared by the Engineer of the Local Fund Board in communication with the Department of Public Works.

Read also the following paper:—

No. 47. From E. F. WEBSTER, Esq., President of the Local Fund Boards, Tanjore District, to the Chief Secretary to Government, dated Vallam, 21st December 1880, No. 2395.

Adverting to G.O., No. 415, of the 26th of last February, I have the honor to state that the Local Fund Establishment for this district was not sanctioned till the 3rd August 1880, and that the Local Fund Engineer did not join his appointment till the 18th of September. The damage caused to communications all over the district will keep the Engineer and his Supervisors fully employed for many months to come; and, under these circumstances, I have the honor to request that, in supersession of the Government Order quoted above, I may be permitted to arrange for the services of a competent Surveyor to be specially employed on the work.

2. The charges can be met from the extra three pies road-cess levied under G.O., dated 17th June 1880, No. 1201, and if my proposal is acceded to, I will hereafter report the name of the Surveyor selected and the remuneration which it is proposed to give him.

No. 48. ORDER THEREON, 12th January 1881, No. 64.

Approved, but the application should have been made through the Board of Revenue.
