

Report on the examination of
Assistant Engineer Mr. Malet at
Vellore on the 13th August 1881.

Questions were put as to the materials
in use in the P.W. Department in the
Districts of Coimbatore and North Arcot,
in which Mr. Malet has served; and
as to the preparation of materials for build-
ing purposes. Mr. Malet described the
construction of various buildings; showing
in what cases a couple roof with tiles would
be used; a terraced roof, &c. Mr. Malet
explained in what ways he would use stone
in preference to brick, and how he would
employ both stone and bricks in different
parts of a large bridge, and of an Anicut,
on a sandy river.

Questions were given regarding the laying
of foundations in different soils; the use
and composition of concrete; the use of brick
cut and rough stone in irrigation works.
Mr. Malet explained the arrangements
to be made for the management of work
people; and answered various questions on the
rules and forms of account; explaining the

primary accounts and orders for the issue
and custody of money. Mr. Malet answered
the questions put to him, readily and well,
and the Committee are of opinion that
he has passed the examination prescribed
in the Code.
