2. The opening balance of the Regular Estimate as advised by the Accountant-General shows an increase of Rs. 15,960 over the Budget Estimate. The Regular Estimate as revised by the Board of Revenue does not call for remark. They propose to leave out of account the closing Road Fund balance of Rs. 41,960 for famine adjustments; but the Government prefer that the amount be carried forward to the Budget for 1881-82 and shown as a liability under Grant I, if it is found necessary to surrender the whole amount for the purpose.

3. In the Budget for 1881-82, the Land Cess estimate is fair. The sum of Rs. 1,000 shown as contribution by the Cuddapah Circle for Sanitary purposes will be allowed to stand subject to the report called for from the Circle Board. Market rents are anticipated to yield Rs. 750 on the opening of the new market at Madanapalle. The Vice-President's report on the subject is awaited.

4. Under Grant I, "New Works," no provision is made; the intention being to put into thorough order existing lines of communications before undertaking new ones. Under Education, the provision for "Training Schools" and for increased results grants are passed. The establishment of a new dispensary at Pilér is sanctioned. The allotment of Rs. 60 for a probationary vaccinator should be exhibited under "Vaccination" and not under "Medical Practitioners." With reference to the remarks of the Sanitary Commissioner regarding the contract system of conservancy adopted in the circle, the President will be called on to report in detail in the annual report.

5. With the above remarks, the Honorable the Governor in Council passes the Local Fund Budget of the Madanapalle Circle for 1881-82.

(Signed) C. G. MASTER,
Officiating Chief Secretary.

Read—the following letter from A. J. B. ATKINSON, Esq., President of the Local Fund Boards, Cuddapah District, to the Secretary to the Board of Revenue, dated Proddutur, 24th May 1881, No. 568:—

I HAVE the honor to report as follows on the Revenue Board's Proceedings, No. 625, dated 9th April 1881, reviewing and submitting to Government Local Fund Budget of the Madanapalle Circle for 1881-82.

2. PARAGRAPH 10.—Revised statements of Part II and of its Appendix are submitted. The Vice-President and the Local Fund Engineer have successfully

reduced the assignment from Rs. 41,040 to Rs. 32,170 by the omission of some minor roads and by an adjustment on other roads of the funds which, it is hoped, may still be found to be an adequate maintenance. The statements thus revised, both Part II and its Appendix, have been laid before the Local Fund Board of the Circle and passed. I agree to the statements as now submitted.

3. PARAGRAPH 11.—A revised Statement II-B accompanies.

4. PARAGRAPH 13.—I should be very glad if I had any expectation of the Director of Public Instruction's hope of sending ten students to the Normal School at Cuddapah being realized. I entered six in the budget as the very limit, and even that number of persons have not as yet presented themselves. Three came only forward, were examined, had scholarships of Rs. 6 each given to them, but not one ever reached Cuddapah. The reason to my mind is not far to seek.

5. PARAGRAPH 17.—The subject of the contribution of Rs. 1,000 from the Cuddapah Circle to the Madanapalle Circle has been separately reported upon. Both Boards have adhered to their wish to give and to accept.

6. PARAGRAPH 17.—I am unable to agree with the Sanitary Commissioner that the contract system for scavengering the cusbah towns of the circle is a mistake. My experience is the reverse of his for that part of the country to which the Madanapalle Local Fund Circle budget relates. The fact is this. For three years I have had scavengered four cusbah towns and Pilér—four on the contract system, and the fifth (Ráyachóti) on coolies paid monthly (the Amani system). Ráyachóti town was always the worst done and always the most complained of. The Sanitary Commissioner's own Deputy, so late as December last, writes more unfavorably of Ráyachóti than of the other towns (three) which he visited. In these circumstances the Local Fund Board changed the (Amani) paid cooly's system into contract. With the funds at disposal it is not possible to pay for an Overseer or a Sanitary Inspector to look after the coolies; nor indeed is it worth while to have a Supervisor when the Board can only afford from four to six scavengers to be supervised. Necessarily therefore the supervision falls on the Tahsildar or the Taluk Sheristadar, both of whom have already enough to do. Under the contract system a penalty is always available, and it is much easier and more satisfactory to fine a contractor than a cooly.

Resolution—

THE Local Fund Budget of the Madanapalle Circle for 1881-82 is herewith circulated (Appendix I) to all officers concerned.

2. PARAGRAPH 2 OF THE GOVERNMENT ORDER.—As suggested by Government, the closing Road Fund balance of the Regular Estimate, Rs. 41,960, has been carried forward to the budget of 1881-82 and shown as a charge under Grant I in Statement I-B of the budget for adjustment of famine expenditure.

3. PARAGRAPH 3 OF THE GOVERNMENT ORDER.—The President's report regarding the contribution by the Cuddapah Circle for sanitary purposes has been submitted to Government in Board's Proceedings, dated 20th June 1881, Miscellaneous No. 6,033.

4. The report regarding the establishment of a market at Madanapalle, promised by the Vice-President, in paragraph 11 of his letter giving cover to the budget, should be obtained and submitted.

5. PARAGRAPH 4 OF THE GOVERNMENT ORDER.—The provision of Rs. 60 for the employment of a Probationary Vaccinator has now been added to the allotment for vaccination.

6. In paragraph 6 of his letter read above, the President reports on the contract system of conservancy pursued in the circle. He does not agree with the Sanitary Commissioner in condemning the system. As directed by Government, the working of the system adopted should also be reported upon in detail in the next annual Local Fund Report.

7. The revised Part II with its Appendix and Statement II-B submitted with the President's letter have now been embodied in the budget.

2. The opening balance of the Regular Estimate as advised by the Accountant-General shows an increase of Rs. 15,960 over the Budget Estimate. The Regular Estimate as revised by the Board of Revenue does not call for remark. They propose to leave out of account the closing Road Fund balance of Rs. 41,960 for famine adjustments; but the Government prefer that the amount be carried forward to the Budget for 1881-82 and shown as a liability under Grant I, if it is found necessary to surrender the whole amount for the purpose.

3. In the Budget for 1881-82, the Land Cess estimate is fair. The sum of Rs. 1,000 shown as contribution by the Cuddapah Circle for Sanitary purposes will be allowed to stand subject to the report called for from the Circle Board. Market rents are anticipated to yield Rs. 750 on the opening of the new market at Madanapalle. The Vice-President's report on the subject is awaited.

4. Under Grant I, "New Works," no provision is made; the intention being to put into thorough order existing lines of communications before undertaking new ones. Under Education, the provision for "Training Schools" and for increased results grants are passed. The establishment of a new dispensary at Pilér is sanctioned. The allotment of Rs. 60 for a probationary vaccinator should be exhibited under "Vaccination" and not under "Medical Practitioners." With reference to the remarks of the Sanitary Commissioner regarding the contract system of conservancy adopted in the circle, the President will be called on to report in detail in the annual report.

5. With the above remarks, the Honorable the Governor in Council passes the Local Fund Budget of the Madanapalle Circle for 1881-82.

Officiating Chief Secretary.

Read—the following letter from A. J. B. ATKINSON, Esq., President of the Local Fund Boards, Cuddapah District, to the Secretary to the Board of Revenue, dated Proddutur, 24th May 1881, No. 568:—

I HAVE the honor to report as follows on the Revenue Board's Proceedings, No. 625, dated 9th April 1881, reviewing and submitting to Government Local Fund Budget of the Madanapalle Circle for 1881-82.

2. PARAGRAPH 10.—Revised statements of Part II and of its Appendix are submitted. The Vice-President and the Local Fund Engineer have successfully

reduced the assignment from Rs. 41,040 to Rs. 32,170 by the omission of some minor roads and by an adjustment on other roads of the funds which, it is hoped, may still be found to be an adequate maintenance. The statements thus revised, both Part II and its Appendix, have been laid before the Local Fund Board of the Circle and passed. I agree to the statements as now submitted.

3. PARAGRAPH 11.—A revised Statement II-B accompanies.

4. PARAGRAPH 13.—I should be very glad if I had any expectation of the Director of Public Instruction's hope of sending ten students to the Normal School at Cuddapah being realized. I entered six in the budget as the very limit, and even that number of persons have not as yet presented themselves. Three came only forward, were examined, had scholarships of Rs. 6 each given to them, but not one ever reached Cuddapah. The reason to my mind is not far to seek.

5. PARAGRAPH 17.—The subject of the contribution of Rs. 1,000 from the Cuddapah Circle to the Madanapalle Circle has been separately reported upon. Both Boards have adhered to their wish to give and to accept.

6. PARAGRAPH 17.—I am unable to agree with the Sanitary Commissioner that the contract system for scavenging the cusbah towns of the circle is a mistake. My experience is the reverse of his for that part of the country to which the Madanapalle Local Fund Circle budget relates. The fact is this. For three years I have had scavenged four cusbah towns and Pilér—four on the contract system, and the fifth (Ráyachóti) on coolies paid monthly (the Amani system). Ráyachóti town was always the worst done and always the most complained of. The Sanitary Commissioner's own Deputy, so late as December last, writes more unfavorably of Ráyachóti than of the other towns (three) which he visited. In these circumstances the Local Fund Board changed the (Amani) paid cooly's system into contract. With the funds at disposal it is not possible to pay for an Overseer or a Sanitary Inspector to look after the coolies; nor indeed is it worth while to have a Supervisor when the Board can only afford from four to six scavengers to be supervised. Necessarily therefore the supervision falls on the Tahsildar or the Taluk Sheristadar, both of whom have already enough to do. Under the contract system a penalty is always available, and it is much easier and more satisfactory to fine a contractor than a cooly.

Resolution—

THE Local Fund Budget of the Madanapalle Circle for 1881-82 is herewith circulated (Appendix I) to all officers concerned.

2. PARAGRAPH 2 OF THE GOVERNMENT ORDER.—As suggested by Government, the closing Road Fund balance of the Regular Estimate, Rs. 41,960, has been carried forward to the budget of 1881-82 and shown as a charge under Grant I in Statement I-B of the budget for adjustment of famine expenditure.

3. PARAGRAPH 3 OF THE GOVERNMENT ORDER.—The President's report regarding the contribution by the Cuddapah Circle for sanitary purposes has been submitted to Government in Board's Proceedings, dated 20th June 1881, Miscellaneous No. 6,033.

4. The report regarding the establishment of a market at Madanapalle, promised by the Vice-President, in paragraph 11 of his letter giving cover to the budget, should be obtained and submitted.

5. PARAGRAPH 4 OF THE GOVERNMENT ORDER.—The provision of Rs. 60 for the employment of a Probationary Vaccinator has now been added to the allotment for vaccination.

6. In paragraph 6 of his letter read above, the President reports on the contract system of conservancy pursued in the circle. He does not agree with the Sanitary Commissioner in condemning the system. As directed by Government, the working of the system adopted should also be reported upon in detail in the next annual Local Fund Report.

7. The revised Part II with its Appendix and Statement II-B submitted with the President's letter have now been embodied in the budget.
