No. 110. Endorsement of the Chief Secretary to Government, Marine Department, dated 23rd August 1881, No. 1,426.

From J. H. TAYLOR, Esq., Lieut., R.N.R., Master Attendant, Administrative Department, to the Chief Secretary to Government, Marine Department, dated Madras, 19th August 1881, No. 7,498.

I HAVE the honor to bring to the notice of Government that the buildings of this office are very much in need of repairs. The chunam of the ceiling is falling of in some places on the desks of the clerks, and the whole place requires repairs, white-washing, &c., as it is now some years since the Public Works Department has done anything to it. The Marine Dispensary is also in a very bad state, and requires to be attended to. The estimates as per margin had been received from the Superintendent of Works for approval and return, and although they were returned some time back the work has not yet been put in hand for want of funds. That officer stated in his last letter that, in G.O., Public Works Department, No. 1,519 W., dated 17th June last, the Financial Department was requested to authorise the Accountant-General to place the necessary amount to the credit of his department from Port Funds, and that as soon as intimation was received of funds being available the work would be undertaken. It appears to this department that as both the Marine Office and Marine Dispensary are buildings belonging to Imperial, the cost of repairs should be met from the same source as hitherto, and I have to solicit the issue of the necessary orders in view to the repairs being carried out without further delay. As matters stand at present one half of the block of buildings, that portion pertaining to the Custom House, has been white and color washed and repaired; the other half, occupied by this department, looks dingy and dirty.
