GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

3rd September 1881, No. 2,184 W.

Buildings and Roads,
Civil Works.

Read the following paper :—

No. 15. From J. H. TAYLOR, Esq., Lieut., R.N.R., Master Attendant, Administrative Department, to the Secretary to Government, Public Works Department, dated Madras, 26th August 1881, No. 7,691.

With reference to the Proceedings of Government, Public Works Department, No. 1,797 W., dated 21st July last, I have the honor to forward the accompanying Proceedings of the Committee appointed to consider the question of harbour moorings, dated 12th instant.

PROCEEDINGS of the Committee appointed under G.O., No. 1,797 W., dated 21st July 1881, to consider the question of Harbour Moorings.

THE Committee met at the Harbour Works Office on Friday the 12th August.

PRESENT.

The Master Attendant
" Superintendent, Madras Harbour Works.
" Deputy Master Attendant.
" Assistant Superintendent of the Madras Harbour Works.

The Committee consider that it is highly desirable that as much experience as can possibly be obtained should be brought to bear upon this subject, so important to the interests of the port, and with that view have not proceeded to a present recommendation of any rigid principle. The number of buoys proposed by Mr. Parkes, and sanctioned by Government, seems now to the Committee to be in excess of what can be laid down with safety to the shipping and to the buoys. The approaching monsoon may be expected to throw more light upon the matter, and meanwhile the Committee recommend that the inner row of small buoys be proceeded with, to be followed by the first five central buoys of the inner large row of Mr. Parkes's plan in 4½ fathoms water. Before that portion of the work is finished the Committee will re-assemble, and forward to Government their further recommendations.

(Signed) J. H. TAYLOR,
Master Attendant.

Asst. Supt., Madras Harbour Works.

No. 16. * ORDER THEREON, 3rd September 1881, No. 2,184 W.

THE Proceedings of the Committee will be referred to the Engineer-in-Chief, Madras Harbour Works, for any remarks he may wish to offer.

2. Mr. Parkes has, it is observed, already been supplied with G.O., No. 1,797 W., dated 21st July 1881, constituting the Committee.

Proceedings of the Committee appointed
under G. O. No. 1797 W, dated July 21st 1881, to
consider the question of Harbour Mooring.

The Committee met at the Harbour
Works office on Friday, the 12th August.

Present

The Master Attendant

The Superintendent Madras Harbour Works

The Deputy Master Attendant

The Assistant Superintendent of the
Madras Harbour Works.

The Committee consider that it is
highly desirable that as much experience as
can possibly be obtained should be brought to
bear upon this subject, so important to the
interests of the port, and with that view have
not proceeded to a formal recommendation of
any rigid principle. The number of buoys as
proposed by Mr. Parker, and sanctioned by
Government, seems new to the Committee to be
in excess of what can be laid down with safety
to the shipping and to the buoys. The
approaching Monsoon may be expected to
throw more light upon the matter, and
measurable

meanwhile the Committee recommend that
the inner row of small buoys be proceeded
with, to be followed by the first five
central buoys of the inner large row of
Mr. Parker's plan in $4\frac{1}{2}$ fathoms water.
Before that portion of the work is finished
the Committee will re-assemble, and forward
to Government their further recommendations.
