GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

17th September 1881, No. 2,305 W.

Buildings and Roads.
Civil Works.

Read the following paper :—

No. 129. From Surgeon-General W. R. CORNISH, F.R.C.S., C.I.E., Surgeon-General with the Government of Madras, to the Secretary to Government, Public Works Department, dated Ootacamund, 7th September 1881, No. 0-115.

WITH reference to G.O., No. 1,017, dated 27th July, in which Government decide that no portion of the General Hospital building in Madras, now in occupation as a European Regimental Hospital, can be given over for the better provision of hospital accommodation for the civil population of the town, I have the honor to request that the sanction of Government may be given to the preparation of plans and estimates for—

1*st.*—Provision of a Mortuary Theatre for the General Hospital.
2*nd.*—Provision of suitable buildings for the out-patient department of the General Hospital.
3*rd.*—Provision of an upper-storey over the centre wards of the present Women and Children's Hospital, Egmore, for the accommodation of European and East Indian females.
4*th.*—Improvement of the out-house accommodation in ditto.
5*th.*—The enclosure of the premises of the Women and Children's Hospital by suitable fencing.

2. I would venture to hope also that provision may be made in the Provincial Public Works Budget for the execution of, at any rate, a portion of the necessary works in the year 1882-83.

3. Letters on the subject of the hospital requirements are enclosed for information, and all necessary details will be furnished to the officer who may have to prepare plans and estimates, should Government be pleased to sanction their preparation.

Letter No. 1,241, dated 20th August 1881, from the Senior Medical Officer, General Hospital.
Do. No. 219, dated 31st August 1881, from Surgeon, Second District.

No. 130. ORDER THEREON, 17th September 1881, No. 2,305 W.

THE Superintendent of Works, Presidency, will frame the requisite plans and estimates in communication with the Surgeon General.

2. It seems questionable, however, whether much money should be spent on the old Lying-in Hospital. It does not follow that, because the military patients cannot be moved from the General Hospital, that the required additional accommodation for women and children cannot be provided there. If the old Lying-in Hospital buildings and site are not required for any other public purpose, their sale proceeds should go far to meet the cost of the new buildings at the General Hospital. The question should be considered and reported on in connection with the estimates now called for.
