THERE is nothing in the Public Works Department Government orders* relating to the transfer of repairs and petty improvements to civil buildings to the departments concerned which necessitates the transfer from the Board of Revenue to Government of the control vested in the former under the petty construction and repair rules† in regard to revenue buildings. The Accountant-General will therefore modify his Circular No. XL, dated 30th October 1880, so far as revenue buildings are concerned, in order

that estimates of the kind quoted at the head of this Proceedings may be submitted to the Board. Those referred to will be transferred to them.

2. The Board will include these requirements in their budget of Provincial services furnished to Government in the Financial Department.
