As the examina-
tion to be passed
is only a Colloquial
one, no leave to
study for it can
be granted under
the rules.

To, The Superintending Engineer
2nd Circle.

Sir,

As I understand that an order will shortly be issued, requiring all those who have not yet passed the Vernacular Test, to do so, within three months from the date of sanction of the revised Scale of P. W. D.; and that failing to do so, they will be passed over permanently by those below them who have passed, I have the honor to request that you will be so good as to recommend me for three months leave to study Tamil.

I am aware that it is ruled that language leave should not be taken in

in Continuation of privilege leave
but I am in hopes that an exception
might be made in this instance; as I am
at present not sufficiently prepared
to present myself for examination,
with any chance of success.

I have &c.

(Sig) W. C. De Morgan
Asstt. Engineer.

No. 401

True copy. Forwarded to the Chief
Engineer for favorable Consideration. In
para 163 it is laid down that 3 months
leave may be granted once in an Officers
Service for the purpose of passing the
examination required in the native language
but that this leave may not be taken
in Continuation of Privilege leave
Mr. De Morgan is now on Privilege leave
that

that expires on the 27th of September
and therefore under the para of the Code
is not eligible for the leave asked for.

As however it is a very serious matter to
Mr. De Morgan because in G. O. No. 2275W dated
15th September he will be superseded unless ^{he}
he passes, it is thought that as a special ^{case}
Case he might be granted the leave asked
for.

FOR ORDERS.

It is necessary
to point out that
the examination re-
quired by para 157
of the Code is only a
colloquial one, and
it is questionable
whether leave to study
for such an exami-
nation is claimable.
