From, P. A. Galton Esq.,
Collector of Sea Customs Madras
To the Secretary, Board of Revenue
Madras

Sir,
I have the honor respectfully to request,
that the Board will move Government to pass
early orders regarding the sheds in the Customs
House Yard vide Proceedings dated 11th June 1881
N^o 1036. The existing tiled sheds are much in
need of repair and unless the work is commenced
at once, I am afraid the north East Monsoon
will break before the roofs have been rendered
water tight. I have addressed the Superintendent
of Works, Presidency on the subject and he
informs me that he cannot proceed with the
work until it has been approved. The Officer
in charge of the Department of Public Works
also informs me that the completion of the Iron
work for the new shed has been deferred pending
further

Further orders: the additional accommodation
is much required.

Sea Customs Office,
Madras, 21st Sept^r/81

I have &c

(Signed) B. A. Galton

Ag Collector, Sea Customs

Submitted to Government with the
request that orders may if possible be
passed at an early date.
