The plan of the building etc.
is just now under re-
vision by the Comg. Architect.

It was sent to him for
this purpose in Decr last,
but he was subsequently
asked to hold it over
until the site had been
finally decided - As soon
as Kunavaram had been
fixed upon, the Comg. Archt
was told so, in view to his
submitting the revised plan
as soon as possible.

On a letter from the S. of W.
Godavari, we have just
asked the C.A. to hasten
the submission of the plan,
& now on receipt of
this slip, we are telling
him by office note to
consider the call as very
urgent.

As soon as the papers
come in they shall be
sent to you without delay.

In case of there
being any probability of
the estimate being delayed
over a week it will be
best to call for the plan

The Consulting Architect
would at the same time
name a round sum which
he thinks would cover the

Office note

The Commencement of a
revised Ground Plan and
Elevation of the Asst. Agents
D^{rs} at Kunnararam by Mr.
Christy was found in office
& this together with the limit
of postage given as 75 ft. has
enabled the design to be
completed.

It is intended to forward
a tracing at once to the Chief
Eng^r in anticipation of the
quantities being taken out, &
this will take a few days.

The Ground Area of this
building which is double
storied is 3041 Sq. feet,
(of stone with a few dressed
surfaces) & at Rs 75 per Sq.
foot the house will cost
about Rs ~~22500~~ 14500.

There was nothing said
about Out offices in the
correspondence to Mr. Sup-
posed they will be designed
locally.

SIR,

2. Drawings

I have the honor with reference to Government Order No. 2793 of the 11th December 1880 and Order No. 2307 W of 17 September 1880 to forward a revised plan of Office and Quarters for the Assistant Agent Kunnaweram Godavery District.

2 The quantities will be taken out in a few days and an Estimate sent, but in the meantime I roughly estimate the cost at rupees 14,500.

3 The site plan has been mislaid, but as Mr. Chisholm had begun a ground plan and Elevation, the design has been completed in, it is expected, a sufficiently compact form to suit the site.

4 The wish of the Superintendent of Works Godavery District, that the Verandahs should be roomy and the frontage restricted to 75 feet, and that a flat roof should be provided for sleeping on, has received attention.

5 I also enclose Mr. Chisholm's Original

design the cost of which is purposed 7.300

PROCEEDINGS OF THE MADRAS GOVERNMENT.

UNDER date the 15th October/81

Read the following:—

From
The Cons. Architect
to Govt. (H.C. No: 499 of 28th Sept 1881)

The revised plan
submitted by Major
Fraser for an office
and quarters for the
Assistant Agent, Co-
=davaery District, to be
built at Kunnaweram
is approved. The
estimate for the building,
stated approximately
to cost Rs 14,500, will
now be drawn out
and submitted for
formal sanction.

The design

R.S.

originally prepared
by Mr. Chisholm may,
if needed, be adopted
for the buildings at
Rajmudapuram where
it is intended the
Special Assistant
shall withdraw during
the rains in the inland
Talugs. The place is
on the left bank of
the river, some 14
miles above Rajah-
mundry, close to
Korlunda. It is
supposed however
that there is an old
public Bungalow here,
and, if so, the

Construction of new
quarters and offices
will not be required.
This should be ascer-
-tained by the
Superintendent of
Works, and reported.
